About this Supplementary IDPS Guide

This Supplementary IDPS Guide has been issued by Netwealth to provide Strategic Partner Clients with strategic partner fee arrangements within Wealth Accelerator.

In this Supplementary IDPS Guide, the following terms are used in relation to Wealth Accelerator with the meanings given below:

Term	Meaning
Strategic Partner Client	You are a Strategic Partner Client for the purposes of this Supplementary IDPS Guide if your Nominated Financial Adviser on your Wealth Accelerator account has been approved by Netwealth for Strategic Partner Pricing and Netwealth has accepted your Strategic Partner Application.
Strategic Partner Application	The online form available when you complete an online application, entitled 'Wealth Accelerator Plus Application Strategic Partner Pricing' or the form that accompanies this Supplementary IDPS Guide, entitled 'Wealth Accelerator Plus Supplementary Application Strategic Partner Pricing'. The appropriate form must be completed and accepted by Netwealth in order to access the strategic partner fee arrangements set out in this Supplementary IDPS Guide.

The section headed 'Fees and other costs' on pages 22 to 37 of the Original IDPS Guide is replaced with the following information.

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better investor services justify higher fees and costs.

You may be able to negotiate to pay lower management costs where applicable. Ask the operator or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money or from the returns on your investment.

Tax information is set out on page 39 of the Original IDPS Guide and in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

You should read all of the information about fees and costs because it is important to understand their impact on your investment.

Fees and other costs for each managed fund accessible using Wealth Accelerator are set out in the PDS for the managed fund. Investment management fees for Managed Models are set out in the Managed Account PDS. Fees and costs for other accessible investments are set out in the relevant PDS (or other disclosure document). For further information on fees and costs of investment options, refer to the 'Additional explanation of fees and costs'.

⁴ For details regarding upfront and ongoing advice fees, negative cash account fee and other service fees see the 'Additional explanation of fees and costs' section on page 7 of this Supplementary IDPS Guide. For details of additional fees applicable to Wholesale Clients see Wrap Service Guide 2: Wholesale Client Information Guide for details.

⁵ We do not charge a withdrawal fee, exit fee or switching fee, however transaction costs may apply; for example, buy-sell spreads. See the 'Transaction fees and costs' section on page 10 of this Supplementary IDPS Guide.

⁶ Applies to Wholesale Clients only (see Wrap Service Guide 2: Wholesale Client Information Guide for details). The amount of this fee may be negotiated (see page 7 of this Supplementary IDPS Guide for details). This fee will be effective from 22 August 2019.

Additional explanation of fees and costs

It is important that you understand the fees and costs of any accessible investment option you choose, and that the total fees and costs you incur include the fees and costs of Wealth Accelerator, the fees and costs of any investments you choose to make using Wealth Accelerator (including the Managed Account and investments made through it), together with the transaction and account costs incurred on your behalf.

The fees and costs of any managed fund, Managed Model, term deposit and other unlisted investments you choose are generally set out in the PDS (or other disclosure document) for that investment. This is also the case for some ASX listed securities (such as instalment warrants). We provide copies of the PDS (or other disclosure document) for an accessible investment, free of charge, on request.

Information about tax

All the fees and costs described in this Supplementary IDPS Guide are inclusive of any Goods and Services Tax ('GST') at the current rate charged under the *A New Tax System (Goods and Services Tax) Act 1999* and are net of any input tax credits that we may be entitled to receive (unless otherwise stated).

If at any time in the future the Government changes the rate at which GST or input tax credits are applied or the method of determining GST or input tax credits, the fees and costs deducted from your account may change.

Further information about taxation is included in this Supplementary IDPS Guide under the heading 'Tax information' and in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Negotiation of fees

We may, at our discretion negotiate the amount of the fees where indicated in the above fee table with your Nominated Financial Adviser. Your Nominated Financial Adviser can provide further information regarding this.

Management costs

Cash account fee

The funds held in your cash account earn monthly interest at a rate set by us. The rate is variable and is currently set at no less than 0.50% p.a. less than the Official Cash Rate. The rate set by us is available on our website.

All investors' cash account balances are currently pooled in one or more interest-bearing accounts with an Australian bank. Each month we are paid the cash account fee out of the interest earned on the pooled account. We currently set the cash account fee so that the rate of interest credited to each investor's cash account (after taking out the fee) is equal to the Official Cash Rate less 0.50% p.a. For example, if during a month the Official Cash Rate is 2.0% p.a. and we set the cash account fee so that, after taking out the fee, interest is credited to your cash account at the rate of 1.50% p.a. The cash account fee is deducted from the interest earned on pooled cash before the interest rate for your cash account is declared. This fee is not deducted from your account.

Fees and other costs

Family fee rebate

The family fee rebate applies to Wealth Accelerator Plus. Wealth Accelerator Core accounts are not eligible for family fee rebates.

Family members can link their accounts via a family group and receive a rebate which represents a reduction of administration fees across the linked accounts.

Family groups can have a maximum of four linked accounts across Wealth Accelerator Plus and Super Accelerator Plus⁷ and can include the following:

- members of the same immediate family, (spouse, de facto/domestic partner, children, parents, siblings, grandchildren, grandparents); and
- companies, family trusts and self managed superannuation funds, provided the directors/directors of the trustee or the trustees and/or beneficiaries are members of the same immediate family.

Accounts within Wealth Accelerator or Super Accelerator that have been approved for Strategic Partner Pricing can only be linked to other accounts that have also been approved for Strategic Partner Pricing and the linking to an account only applies for so long as Strategic Partner Pricing applies to that account.

We may use our discretion to determine the accounts to be included in any family group.

To arrange for accounts to be linked, complete a 'Family group request' form, available on our website, directly from us or from your Nominated Financial Adviser.

Underlying investment costs

You may also incur costs in the investments you make using Wealth Accelerator. These investment costs will be in addition to the management costs charged by Netwealth in relation to Wealth Accelerator.

Term deposits

There are generally no investment fees for investing in term deposits. The interest rate you receive is net of all applicable financial institution costs and fees are not deducted from your investment. We may agree to facilitate an early withdrawal from a term deposit. Early withdrawals are subject to withdrawal restrictions, notice periods and interest reductions as described in the terms and conditions, PDS or other disclosure document for that term deposit.

Fees and costs for managed funds

Fees and costs for each of the accessible managed funds are included in the PDS or other disclosure document for the relevant managed fund which is available in the Investment Menu on our website or by contacting us.

More about the family fee rebate:

Details of how the rebate is calculated are available in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

⁷ Super Accelerator Plus is a product of the Netwealth Superannuation Master Fund. See the Super Accelerator PDS available on our website for further information.

Fees and other costs

These fees and costs may include fees charged or retained by the issuer of the managed fund and indirect costs incurred in the managed funds. They are reflected in the unit price of the relevant managed fund and are an additional cost to you.

Some managed funds may charge a performance fee on your investment if a particular return is achieved. The relevant PDS should set out information on the performance fee (if any) charged by a managed fund and how it is charged.

Fees and costs for Managed Models

Fees and costs for the Managed Models are included in the Managed Account PDS.

These fees and costs include fees charged or retained by Netwealth in its capacity as responsible entity of the Managed Account which are deducted from your holdings in the Managed Account and indirect costs incurred in managed funds held within the Managed Account which are reflected in the unit price of the relevant managed fund. These are an additional cost to you.

Some Managed Models may charge a performance fee on your investment if a particular return is achieved. The Managed Account PDS sets out information on the performance fee (if any) charged by a Managed Model and how it is charged.

International securities fees and costs

These fees apply only if you invest in international securities using Wealth Accelerator Plus.

In addition to the fees described in the fees and costs table above, transaction costs will apply as described below in the 'Transaction fees and costs' table.

Fees and costs for other investment options

For any other investment option, see the disclosure document for that investment.

Service fees

Negative cash account fee

If your cash account goes into a negative balance for any reason, a fee is charged for the period that your cash account has a negative balance. The fee is an amount equal to the interest rate applicable to the positive cash balances in your cash account. For example, if during a month the interest rate on the cash account is 1.50% p.a., we set the negative cash account fee so that an amount is debited from your cash account at the rate of 1.50% p.a. of the negative balance. The fee is calculated on the daily negative balance for the period your cash account has a negative balance and charged to your account monthly. The fee is paid into the Wealth Accelerator cash pool; it is not retained by us.

Transaction fees and costs⁸

Type of transaction cost

Buy-sell spread	<p>When purchasing and redeeming interests in managed funds, the responsible entity of the relevant fund is usually entitled to charge an amount to the investor for the cost of purchasing or selling the managed fund's assets. These costs are an additional cost paid by you at the time of the transaction. These amounts typically include things like brokerage and stamp duty and are usually reflected in the difference between the application price and withdrawal price of an interest in the managed fund. This is called the 'buy-sell spread'. Buy-sell spreads are generally used to fairly distribute the costs of buying and selling assets between those joining (in the case of buy costs), those leaving (in the case of sell costs) and the other investors in the managed fund. The buy-sell spread for any managed fund should be described in the PDS or other disclosure document for that managed fund.</p> <p>For example, if the application price for a managed fund is \$1.00 and the withdrawal price is \$0.996, the buy-sell spread you would incur if you invested \$50,000 in units in that managed fund and immediately redeemed those units would be \$200, or 0.40% of the total of your investment.</p>
Transfer out fee	<p>This is the fee for transferring managed funds, ASX listed securities or other investment options that are held in your Wealth Accelerator account to you or to another entity. The transfer out fee is \$50.00 per managed fund, ASX listed security or other investment. Any registry charges to complete the transfer are also charged to your account. This fee is deducted from your cash account at the time of the transfer and is paid to us.</p>
Offline transaction fee	<p>Many transactions can be performed online. If you do not use the online capability when you transact, a \$20 offline transaction fee applies, except to those transactions for which we do not have online capability. This fee is deducted from your cash account at the time of the transaction. We may waive this fee at our discretion.</p>
<p>ASX listed securities – brokerage fee</p> <p>This fee applies only to Wealth Accelerator Plus.</p>	<p>A fee for brokerage services equal to 0.125% of trade value (with a minimum of \$18.50 per trade) is charged to your account when you purchase or sell ASX listed securities through our nominated broker. This fee is deducted from your cash account at the time of settlement of the trade and is paid to us.</p>

⁸ For details of additional fees applicable to Wholesale Clients see Wrap Service Guide 2: Wholesale Client Information Guide for details.

Fees and other costs

Type of transaction cost

ASX listed securities – share settlement fee This fee applies only to Wealth Accelerator Plus.	Subject to our approval, trades for ASX listed securities may be conducted with brokers other than our nominated broker. Trades will be settled using funds in your cash account. In this case, we may charge a share settlement fee of up to \$20 per trade to settle each trade. ⁹ This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. If a trade does not settle, the dishonour fee incurred is deducted from your cash account together with any costs associated with the failed trade incurred by us.
Initial public offering ('IPO') fee This fee applies only to Wealth Accelerator Plus.	If you wish to participate in an IPO for an entity that is to be listed on the ASX and invest using Wealth Accelerator, then we may also charge you \$20 per IPO investment. If you wish to participate in an IPO for an entity that is to be listed on an overseas exchange and which we have approved, we may charge you \$50 per IPO investment. The IPO fee is deducted from your cash account at the time the application for the IPO is made and paid to us.
Warrant tax calculation fee This fee applies only to Wealth Accelerator Plus.	Instalment warrants, and other like assets, require specific taxation calculations to be prepared and processed to your account each year. A fee of \$40 for each holding of each warrant held during the year is charged to your account when we process the accounting entries in the following financial year. You may have purchased holdings in the same warrant at different times which means you will have more than one holding and will therefore incur more than one \$40 fee for that warrant. If you had holdings of a warrant during the year but sold them, you will still be charged fees as calculations will still be required.
International securities – brokerage fee ¹⁰ This fee applies only to Wealth Accelerator Plus.	A fee for brokerage services equal to 0.20% of trade value (with a minimum of \$38.50 per trade) is charged to your account when you purchase or sell international securities through our nominated broker. This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. This is in addition to trading costs described below.
International securities – share settlement fee This fee applies only to Wealth Accelerator Plus.	Subject to our approval, trades for international securities may be conducted with brokers other than our nominated broker. Trades will be settled using funds in your cash account. In this case, we may charge a share settlement fee of up to \$25 per trade to settle each trade. ¹¹ This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. If a trade does not settle, the dishonour fee incurred is deducted from your cash account together with any costs associated with the failed trade incurred by us.

⁹ Where you use your own broker to conduct a trade in ASX listed securities, that broker may charge brokerage which will be deducted from your cash account on settlement of the trade. The full amount of the brokerage, including GST, is charged to your account and paid to the broker. Where we receive an RITC in relation to this brokerage any RITC is retained by us.

¹⁰ This fee will be effective from 22 August 2019.

¹¹ Where you use your own broker to conduct a trade in international securities, that broker may charge brokerage which will be deducted from your cash account on settlement of the trade. The brokerage charged is as agreed between you and your broker and is in addition to fees charged by us.

Fees and other costs

Type of transaction cost

International securities – trading costs	<p>Trades on certain overseas exchanges may be subject to additional trading costs such as stamp duties, taxes and commissions. Where you instruct us to buy or sell international securities any such costs are deducted on settlement of the trade. Details of trading costs are available on our website.</p> <p>If a trade does not settle or there is a delay in settling a trade, any costs that we incur, associated with the failed or delayed trade, are deducted from your cash account.</p>
International securities – currency conversion fees and costs ¹²	<p>Where you instruct us to convert currency in relation to trading or holding international securities, a margin of up to 0.45% may be applied to the prevailing spot price available in wholesale/inter-bank foreign exchange markets. We retain this margin, less any margin we pay to third parties to complete this conversion, as a fee.</p>
Other investments	<p>A \$20 fee is charged to your account when you purchase or sell other investments (that do not fall within the above categories). This fee is deducted from your cash account at the time of the transaction and is paid to us.¹³</p>
LifeWRAP administration fee	<p>If you select the LifeWRAP facility, we charge an administration fee of \$5 per month for each LifeWRAP policy held, which is deducted monthly in arrears from your cash account.</p> <p>This fee is in addition to the insurance premium that is deducted from your account. See the product disclosure statement for the relevant LifeWRAP insurance product for details about the policy and premiums.</p>
Transaction netting fee	<p>If we effect a transaction without buying or selling the relevant asset (for example, by netting transactions of different investors) we are entitled to retain as a fee the amount of any fee that would otherwise have been payable. You will be charged the relevant fee(s) for the transaction as if the transaction had taken place without netting.</p>
Real Time Gross Settlement ('RTGS') fee ¹⁴	<p>You may ask us to pay withdrawal proceeds to one of your nominated bank accounts on the same day using RTGS. A \$50 fee is charged to your account when you instruct us to pay withdrawal proceeds using RTGS. The fee is deducted from your cash account at the time of payment and is paid to us. We may waive this fee at our discretion.</p>
International payments fee ¹⁴	<p>A \$50 fee is charged to your account when you instruct us to pay withdrawal proceeds to an international bank account. The fee is deducted from your cash account at the time of payment and is paid to us. We may waive this fee at our discretion.</p>

¹² This fee will be effective from 22 August 2019.

¹³ Any transaction costs, including brokerage, are deducted from your cash account on settlement of the transaction.

¹⁴ This fee will be effective from 22 August 2019.

Fees and other costs

Type of transaction cost

Class action participation fee ¹⁵	If and when you elect to participate in a class action in relation to an investment held in your account, a \$50 fee is charged to your account. The fee is deducted from your cash account at the time the election to participate is made and is paid to us. We may waive this fee at our discretion.
Class action payment fee ¹⁵	Where you elect to participate in a class action and the class action is successful and results in a payment to your account, a fee of up to \$30 per class action is charged to your account. The fee is deducted from your cash account at the time the payment is made to your account and the fee is paid to us. If you no longer have a Wealth Accelerator account, we will attempt to make the payment to you subject to a fee of up to \$100 per class action which will be deducted from the amount payable to you. We may waive this fee at our discretion.
Cost base reconstruction fee ¹⁵	If we are required to reconstruct a CGT parcel history for an in-specie transfer a \$20 fee per parcel will be deducted from your cash account at the time of reconstruction and paid to us. We may waive this fee at our discretion.

Advice fees

Advice fees are agreed between you and your Nominated Financial Adviser, for services provided by your Nominated Financial Adviser or their AFS Licensee in relation to your interest in Wealth Accelerator. When you sign the 'Application' form and nominate advice fees, you are instructing us to pay the advice fees as set out in the section of the 'Application' form headed 'Nominate your Financial Adviser and advice fees' to your Nominated Financial Adviser's AFS Licensee and you are authorising and instructing us to deduct those fees from your cash account. Where applicable, you are authorising for some or all of these amounts to be paid by your Nominated Financial Adviser's AFS Licensee to your Nominated Financial Adviser.

Where you agree to pay your Nominated Financial Adviser a percentage-based fee, unless you are a Wholesale Client, we will not apply this fee to any part of your investment that has been acquired using money that you have borrowed, if we have been told that this is the case. If you have borrowed funds to invest in Wealth Accelerator, you should tell us on your application or 'Additional deposit' form and you warrant to us that you have notified us of any borrowed amount.

You may instruct us to terminate any or all of the advice fees at any time. If you do not appoint a financial adviser as your Nominated Financial Adviser, no advice fees are charged.

Advice fees can be paid at your request. We can pay advice fees in a range of ways including those in the table below.

¹⁵ This fee will be effective from 22 August 2019.

Fees and other costs

Type of advice fee	If you have nominated a financial adviser, you may agree with your Nominated Financial Adviser to pay advice fees as follows
Upfront advice fee	<p>An upfront advice fee of:</p> <ul style="list-style-type: none"> • a flat percentage of the gross investment into your account; and/or • a specific dollar amount. <p>You can agree to a different amount to be charged as an upfront advice fee on:</p> <ul style="list-style-type: none"> • your initial investment and any subsequent investments; and • your regular savings plan (if you set one up) made by direct debit each month.
Ongoing advice fee	<p>An ongoing advice fee for services that your Nominated Financial Adviser provides in relation to the monitoring and ongoing reporting on your account and advice about your account. You may agree to pay an ongoing advice fee as follows:</p> <ul style="list-style-type: none"> • a flat percentage or a tiered percentage of the gross daily value of your account; and/or • a specific dollar amount which may be indexed each year. <p>Percentage-based fees are calculated daily on your total account balance, including your cash account, term deposits, managed fund investments, listed securities, Managed Models and any other investment options in your account. These fees are deducted monthly in arrears from your cash account.</p> <p>For a specified dollar amount fee, you must specify the month in which the fee is to commence. The full amount of the fee is deducted from your cash account in that month and at the end of each month, quarter, half year or year thereafter, as agreed by you and your Nominated Financial Adviser.¹⁶</p>
<p>Advice fee – listed securities</p> <p>This fee applies only to Wealth Accelerator Plus.</p>	<p>An advice fee in respect of advice in relation to transactions in ASX listed securities placed through our nominated broker.</p> <p>The available fee options are:</p> <ul style="list-style-type: none"> • a percentage of the trade value of the listed security or securities; or • a specific dollar amount per trade; or • a specific amount which is the greater of the two above. <p>Where you use the Managed Account, this fee will not apply to trades on listed securities in it unless you expressly instruct us that this fee is to apply to these trades.</p>
Once only advice fee	<p>From time to time you may agree with your Nominated Financial Adviser to pay a single, once-only fee for specific advice services provided by your Nominated Financial Adviser in relation to your interest in Wealth Accelerator. We then deduct the fee from your cash account and pay the specified amount to your Nominated Financial Adviser's AFS Licensee.</p>

¹⁶ If you withdraw from Wealth Accelerator and close your account or if you change your Nominated Financial Adviser, any fixed dollar ongoing advice fees for the month in which this event occurs are paid on a pro-rata basis for the period up to the date of the withdrawal or change.

Fees and other costs

We may at our discretion agree to provide for the payment of advice fees in other circumstances or calculated in other ways. The type and amount of such advice fees must be previously authorised by you and agreed with your Nominated Financial Adviser. You may instruct us to pay the advice fees to more than one adviser or AFS Licensee.

Reduced input tax credits on advice fees

Where you have negotiated advice fees with your Nominated Financial Adviser, you direct us to pay the agreed amount to your Nominated Financial Adviser's AFS Licensee. The amount of fee deducted from your cash account may be less than the amount agreed with your Nominated Financial Adviser. This is because Wealth Accelerator may be entitled to claim and receive a reduced input tax credit ('RITC') on the GST payable on these fees. If we apply for and receive an RITC, the value of this is passed on to you by reducing the fee by the amount of the RITC. Note that our eligibility to receive an RITC or the rate of the RITC may change, in which case the amount of any such reduction will also change.

Other fees and costs

All government and other fees and costs (including bank fees, stamp duty, cheque dishonours, fail fees and penalty interest) incurred in respect of your account may be charged to your cash account at our discretion. If you request certain documents from us regarding your account, you may be charged the reasonable costs of obtaining and sending these documents, at our discretion.

Changes to fees and costs

Until investors are notified otherwise, our fees and costs will remain as set out in this Supplementary IDPS Guide. We may change the fees we charge without your consent, but we will give at least 30 days' notice to investors of any proposed increase in fees for Wealth Accelerator. However, no change is contemplated at this time. We may, at our discretion, either waive or defer payment of any fees or costs payable to us in whole or in part.

Fees and other costs

Example of annual fees and costs - Wealth Accelerator Core (excluding fees and costs of the investment options)

This table gives an example of how fees and costs for Wealth Accelerator Core can affect your investment over a 1-year period. You should use this table to compare Wealth Accelerator Core with other investor directed portfolio services.

EXAMPLE – Wealth Accelerator Core		Balance of \$50,000 in your account with a contribution of \$5,000 during the year ¹⁷
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management costs	Administration costs: 0.35% p.a. administration fee + 1.45% p.a. cash account fee ¹⁸	And , for the \$50,000 you have invested in Wealth Accelerator Core you will be charged \$182.25 each year. ¹⁹
EQUALS Cost of investments		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you will be charged fees of \$182.25 . ²⁰ What it costs you will depend on the investment options that you choose and the fees you negotiate.

Note: Additional fees apply. This example is illustrative only and assumes that you have chosen Wealth Accelerator Core. Fees and costs may vary for your actual investment. The above example only shows the fees and costs that relate to accessing investments using Wealth Accelerator and not the fees and costs of the investment options, such as management costs set out in the relevant managed fund or Managed Account PDS. Additional costs will be charged by the issuers of those products that you decide to invest in. Refer to the following example that illustrates the combined effect of the fees and costs.

¹⁷ This example is based on an investment of \$50,000 and assumes that there is a constant account balance throughout the year.

¹⁸ A cash account fee of 1.45% p.a. has been used for the purpose of this example, which assumes that:

- interest we declare in relation to the cash account is 1.0% p.a. (i.e. 0.50% p.a. less than the Official Cash Rate, assumed to be 1.50% p.a.); and
- interest we earn on pooled cash funds is 2.45% p.a.

¹⁹ \$500 is required to be maintained as the minimum cash requirement and \$49,500 is available to be invested in investment options. This example is based on \$500 in the cash account and does not include fees and costs that would be incurred in relation to investing the remaining \$49,500 in an investment option. See the table below for an example of total costs.

²⁰ Additional fees may apply:

- If you have a Nominated Financial Adviser, you may choose to pay advice fees. See page 13 of this Supplementary IDPS Guide for details.
- Where managed fund units are purchased, a buy-sell spread may apply. Buy-sell spreads are discussed further on page 10 of this Supplementary IDPS Guide.
- For other transaction costs and incidental fees, see pages 10 - 13 of this Supplementary IDPS Guide for further details.

Fees and other costs

Example of total costs - Wealth Accelerator Core

This table illustrates the combined effect of the fees and costs for an investment in the Netwealth Index Opportunities Growth Fund using Wealth Accelerator Core over a 1-year period, based on the same assumptions as the 'Example of annual fees and costs – Wealth Accelerator Core' set out above.

EXAMPLE – Netwealth Index Opportunities Growth Fund		Balance of \$50,000 in your account with a contribution of \$5,000 during the year ²¹
Cost of Wealth Accelerator Core		\$182.25 ²²
PLUS	Managed fund fees 0.57% p.a. ²³	And , for the \$50,000 you have invested in the Netwealth Index Opportunities Growth Fund using Wealth Accelerator Core you will be charged \$282.15 each year. ²⁴
EQUALS		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you will be charged fees of \$464.40 . ²⁵
Total cost of investing in the Netwealth Index Opportunities Growth Fund		What it costs you will depend on the investment options that you choose and the fees you negotiate.

Note: Additional fees may apply. This example is illustrative only and assumes you have chosen Wealth Accelerator Core. Fees and costs may vary for your actual investment.

²¹ This example is based on an investment of \$50,000 and assumes that there is a constant account balance throughout the year.

²² Refer to 'Example of annual fees and costs – Wealth Accelerator Core' for information regarding this amount and applicable assumptions.

Issuer/operator details:
Netwealth Investments Limited
ABN 85 090 569 109
AFSL 230975

This IDPS Guide has been prepared and issued by Netwealth Investments Limited (ABN 85 090 569 109, AFSL 230975) (referred to in this IDPS Guide as **'Netwealth', 'we', 'us' or 'our'**). Netwealth is the operator and custodian of the Netwealth Wrap Service which is an investor directed portfolio service (**IDPS**).

Netwealth invites you to invest using Netwealth Wealth Accelerator (**Wealth Accelerator**) which is a version of the Netwealth Wrap Service (**Wrap Service**).

This IDPS Guide is designed to assist you to decide whether to invest using Wealth Accelerator. It contains information relating to:

- the Wealth Accelerator service;
- remuneration and other benefits paid to Netwealth and other relevant persons; and
- information about how complaints are dealt with.

For help about investing generally, you should speak to a registered financial adviser. The Australian Securities and Investments Commission (**ASIC**) can help you check if a financial adviser is registered by calling them on 1300 300 630 or by checking on their website: moneysmart.gov.au. If you do not have an adviser, contact us and we can put you in touch with someone who can help.

The documents (**Disclosure Documents**) you need to consider when deciding whether to invest using Wealth Accelerator are listed on page 6. These documents are available on our website and we will provide a paper copy free upon request. If obtaining an electronic copy, you should ensure you have a complete copy of the Disclosure Documents including the Wrap Service Guides and the relevant Application Forms Booklet.

This offer is only available to persons receiving the Disclosure Documents within Australia and does not constitute an offer in any other jurisdiction or country.

General information only

The information provided in the Disclosure Documents is general information only and is not intended to imply any recommendation or opinion about a financial product. This information does not take into account your personal objectives, financial situation or needs. You should consider whether the information is appropriate for you in light of your personal objectives, financial situation and needs and you should consider consulting a financial adviser before making a decision about whether to invest using Wealth Accelerator. Before making a decision to invest or continuing to

invest in an investment that is accessible through Wealth Accelerator, you should consider the product disclosure statement (**PDS**) or other disclosure document relating to that investment.

Information in the Disclosure Documents is based on taxation and other relevant laws and their current interpretation at the date of issue. If at any time a feature of Wealth Accelerator as described in this IDPS Guide is not consistent with our legal obligations, our legal obligations will prevail.

Important warnings about investment risk and the differences between direct and indirect investment

Any managed funds, listed securities or other investments acquired using Wealth Accelerator are subject to investment risk. See Wrap Service Guide 1a: Operating your Wealth Accelerator account. Neither Netwealth nor any associate, subsidiary or officer promises that you will earn any return on your investments, or that your investments will gain or retain their value.

Also, there are important differences between acquiring a financial product directly and acquiring a financial product using an IDPS such as Wealth Accelerator including in relation to cooling-off rights, voting rights, participation in legal proceedings and withdrawal rights in circumstances where the disclosure document for the underlying asset is defective, the minimum subscription amount for the offer is not raised or where the disclosure document for the underlying asset states that the underlying assets are to be quoted on a financial market but no application for admission to quotation is made or the underlying assets are not admitted to quotation. These areas of difference are summarised on page 41 under 'How do direct and indirect investments differ?'. See also 'How are the voting rights attached to your investments exercised?' on page 42 and 'Communications about your investments' on page 44.

Updating the Disclosure Documents:

Information in the Disclosure Documents may change from time to time in the future. Where the changes are not materially adverse, the updated information may be made available to you in the 'Forms and documents' section of our website at netwealth.com.au or by contacting us on Freecall 1800 888 223. A paper or electronic copy of any updated information is available from us free of charge upon request.

About Wealth Accelerator

Wealth Accelerator provides a comprehensive reporting, transactional and administrative service which enables you, through us as operator of Wealth Accelerator, to buy, hold and sell investments from an extensive menu of investment options, via a single account.

Importantly, you maintain control of your investments and your investment decisions. You, and your financial adviser, if you have one, assess your objectives, determine strategies, and then select the appropriate investments.

Our responsibilities to you:

For information about our responsibilities and duties see page 47.

Online transactions and reports

Multiple investment and Life insurance options¹ including:

- Cash account
- Term deposits
- Managed funds
- ASX listed securities
- International securities
- Managed Models²
- Other investments made available from time to time by us
- Life insurance

Your Wealth Accelerator account

¹ Not all investment options are available if you choose Wealth Accelerator Core.

² 'Managed Models' are model investment portfolios available through the Netwealth Managed Account Service.

About Wealth Accelerator

You may nominate a financial adviser (**'Nominated Financial Adviser'**) in connection with your Wealth Accelerator account. Your Nominated Financial Adviser can assist you with operating your account and provide you with advice about your investments and other benefits. Your Nominated Financial Adviser must generally hold, or provide services on behalf of someone who holds, an Australian Financial Services Licence (**'AFSL'**).³ The holder of an AFSL is referred to in the Disclosure Documents as an **'AFS Licensee'**.

You are not required to have a financial adviser in order to use Wealth Accelerator. However, if you do not, some features may not be available to you. See 'Using a financial adviser' on page 40.

Wealth Accelerator provides a choice between Wealth Accelerator Core and Wealth Accelerator Plus, which offer different investment options and have different administration fees.

Wealth Accelerator Core

A cost effective and easy-to-manage portfolio administration service, providing the options to invest in:

- cash;
- term deposits;
- managed funds in the Netwealth Global Specialist Series (**'GSS funds'**);
- certain Managed Models available through the Netwealth Managed Account Service (**'Managed Account'**)⁴; and
- other investments made available from time to time by us for Wealth Accelerator Core.

Wealth Accelerator Plus

A portfolio administration service that provides you with an extensive choice of investments, managed and reported through a single platform. Investment options are:

- cash;
- term deposits;
- an extensive menu of managed funds (including the GSS funds) and other types of managed investments;
- ASX listed securities (including certain warrants⁵ and exchange traded funds);
- international securities listed on overseas exchanges;
- securities listed on other exchanges as approved from time to time by us;
- Managed Models available through the Managed Account⁴;
- other investments made available from time to time by us for Wealth Accelerator Plus.⁶

³ See more information in the 'Appointing your Nominated Financial Adviser' section in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

⁴ See the Managed Account PDS for the list of available Managed Models using Wealth Accelerator Core and Wealth Accelerator Plus.

⁵ We only allow investment in certain warrants and structured products and have a discretion not to allow investment in certain products.

⁶ Additional investments available to Wholesale Clients are included in Wrap Service Guide 2: Wholesale Client Information Guide.

About the Wealth Accelerator documents

Disclosure Documents

We have published a number of documents to help you understand Wealth Accelerator and how it works. The Disclosure Documents comprise:

- this document, the Wealth Accelerator IDPS Guide; and
- the following documents, which contain information that is taken to be included in this IDPS Guide:
 - Wrap Service Guide 1a: Operating your Wealth Accelerator account
 - Wrap Service Guide 2: Wholesale Client Information Guide

This IDPS Guide contains a summary of the benefits, key features, operation, risks, fees and costs and terms and conditions of Wealth Accelerator. The Wrap Service Guides contain additional information about Wealth Accelerator as follows:

- Wrap Service Guide 1a: Operating your Wealth Accelerator account:
 - provides more information on how your account works, your investment choices within Wealth Accelerator and the risks associated with Wealth Accelerator and the investments you make using Wealth Accelerator;
 - outlines how returns on investments held using Wealth Accelerator are taxed; and
 - provides information about the benefits and features of using Wealth Accelerator to help you manage your Self Managed Superannuation Fund (**SMSF**) investments.
- Wrap Service Guide 2: Wholesale Client Information Guide provides more information on available investments and features if you are an investor who qualifies as a Wholesale Client.

Application Forms Booklet

To apply to open your account in Wealth Accelerator, you can either complete an application online on our website or the 'Application' form that is contained in the relevant Application Forms Booklet, available on our website, from a financial adviser or by contacting us on Freecall 1800 888 223.

Investment Menu

Information about each of the investment options available using Wealth Accelerator is contained in the **'Investment Menu'** in the 'Forms and documents' section of our website or from us on request free of charge.

The Investment Menu provides details of the term deposits, managed funds and Managed Models available using Wealth Accelerator. Each of these investment options has its own PDS which is available on our website through the Investment Menu and you should read the PDS of any investment option that you are considering investing in using Wealth Accelerator.

For ASX listed securities, most securities listed on the ASX are available for investment using Wealth Accelerator. For international listed securities, a list of available overseas exchanges and approved international securities is available on our website through the Investment Menu.

Accessing these documents:

All of the Wealth Accelerator documents are available:

- On our website, netwealth.com.au (**'our website'**);
- in printed or electronic form, free of charge by calling Freecall 1800 888 223; or
- from a financial adviser.

Financial Services Guide

Our Financial Services Guide ('FSG') contains important information about the services we provide to help you decide whether you want to use our services, including:

- information about Netwealth and who we are;
- the financial services and products we offer to you;
- how we, and our associates, are paid; and
- how we deal with complaints about the services and products we provide to you.

Changes to these documents

Changes that may affect your account will be updated in these documents or on our website. You should check from time to time to see if any of the changes are important to you. You will also be notified of material changes as required by law.

Information about investments made using Wealth Accelerator

Before investing in any unlisted financial product offered using Wealth Accelerator, you must be given and you must read the current PDS or other disclosure document for that product issued by the product issuer, which will generally include information about that investment such as risk/return profile, the associated costs and other detailed information. If you use a financial adviser, they should give you the current PDSs or other disclosure documents for that financial product. These documents are also available on our website or by contacting us. Before investing in listed securities using Wealth Accelerator, you should have regard to publicly available information about those listed securities.

Warning:

If in the future you invest further amounts, choose to use additional features or select different investments, you should review the relevant disclosure documents before doing so as conditions and features may have changed.

Benefits of Wealth Accelerator

Who can invest using Wealth Accelerator?

Individuals, joint investors, trusts and families	Wealth Accelerator provides investment administration and reporting services for individuals, joint investors and trusts. Families can benefit from reduced costs by grouping accounts whilst maintaining their individual investment holdings.
SMSFs	Wealth Accelerator enables the implementation of a diversified investment strategy for SMSFs and provides specific reporting to help SMSFs meet regulatory and tax obligations.
Companies	Wealth Accelerator facilitates investment by corporate entities, providing specific reporting to help companies meet their tax obligations.

What are the benefits of using Wealth Accelerator?

Online convenience

Wealth Accelerator provides the convenience of online access to your account. You can access information about your investments and transactions, and you can change your account details, by logging into your account online on our website.

Your instructions to perform many of the transactions described in the Disclosure Documents can be submitted online through your account. This removes the need for you to complete paper-based forms and reduces the time between issuing instructions and having transactions implemented.

You can choose the level of online access you require when you complete your application.

Offline options

You do not have to operate your account online. You may instruct us to do a transaction or change your account features by completing a form and sending it to us. Forms for all transactions described in the Disclosure Documents are available on our website, from a financial adviser or by contacting us directly.

If you choose to instruct us to do a transaction by completing a form, rather than transacting online, then the offline transaction fee may apply (see page 29 for details of the offline transaction fee).

Convenience & control

Because Wealth Accelerator centralises your investments and transactions, you benefit from:

- the simplicity of only dealing with one contact for your investment transactions;
- consolidated reports covering all the investments in your account, rather than different statements from each investment;
- easier tax and record-keeping; and
- control over what you invest in – we act on your instructions.

Wealth Accelerator allows you to invest at any time, either online or by filling out the appropriate form. We implement your instructions and you have control over your investments.

Benefits of Wealth Accelerator

We keep track of your investments, collect all income and provide consolidated tax and performance reporting. We handle all transactions relating to your investment choices, acting on your buy and sell instructions, and arranging administration and settlement of your investments whilst also maintaining custody of your investments.

Investment choice and diversification

When applying to use Wealth Accelerator, you can choose either Wealth Accelerator Core or Wealth Accelerator Plus.

If you choose Wealth Accelerator Plus, you can choose from an extensive range of investment options, enabling you to construct a diversified investment portfolio from a wide range of investment types.

If you choose Wealth Accelerator Core, you can establish an easy-to-manage diversified investment portfolio from a more focussed range of investments and investment strategies provided through managed funds and Managed Models. You also have access to certain term deposits provided by Australian banks.

Investment options:

Wrap Service Guide 1a: Operating your Wealth Accelerator account provides more information about the investment options available in Wealth Accelerator.

Information about each of the available investment options is contained in the Investment Menu on our website.

Features at a glance

The following tables provide a summary of some important features of Wealth Accelerator. You should ensure that you read the Disclosure Documents in full, as well as the PDS or other disclosure documents relating to each of the investments in which you choose to invest using Wealth Accelerator.

How Wealth Accelerator works

Opening an account

To open a Wealth Accelerator account, once you have read the Disclosure Documents, you can:

- complete an application online on our website, sign it¹² and send it to us; or
- download the relevant Application Forms Booklet for Wealth Accelerator from our website to your computer, complete the forms on your computer, print and sign the forms and send them to us; or
- obtain the relevant Application Forms Booklet for Wealth Accelerator from our website, from a financial adviser or by contacting us on Freecall 1800 888 223, complete the forms, sign the forms and send them to us.

You then need to submit your application together with at least the required minimum investment amount of \$10,000.

Once we have received and accepted a correctly completed application all deposits are paid into your cash account.

Wealth Accelerator Core or Wealth Accelerator Plus

When you apply to open your account, you must choose either Wealth Accelerator Core or Wealth Accelerator Plus, which offer different investment options and have different administration fees. You cannot choose both Wealth Accelerator Core and Wealth Accelerator Plus within the same account.

How your cash account works

Once you have established your Wealth Accelerator account, all further amounts received in connection with your investments (such as interest on term deposits and distributions from managed funds) are also paid into your cash account. Your cash account operates as the central transaction account for your Wealth Accelerator account.

All cash in the cash account is held by us in one or more interest-bearing trust accounts on deposit with an Australian bank. The funds in your cash account earn monthly interest at a rate set by us. The rate is currently set at no less than 0.50% p.a. less than the target cash rate set by the Reserve Bank of Australia during the month (which is often referred to as the official cash rate ('**Official Cash Rate**')). Information about the rate of interest you earn on funds held in your cash account is published on our website.

¹² Sign means any form of signature we authorise including certain forms of electronic signatures.

Selecting investments

Wealth Accelerator makes available a wide range of investment options. This enables you to select investments to construct a diversified investment portfolio. Your funds remain in your cash account until you select the investments you wish to include in your Wealth Accelerator account. We then acquire investments in accordance with your instructions and hold these in your account on your behalf and in our name. We only make the selected investments if there are sufficient cleared funds in your cash account. Full details of how the cash account operates are set out in the 'How your cash account works' section in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

The financial products, securities and other investments that are available using Wealth Accelerator are determined by us based on demand and our ability to administer them. We review the available investment options frequently. When deciding whether or not to include an investment option, we may consider suggestions by financial advisers or clients, and our assessment of the likely demand for the investments. We also consider operational requirements for the product, our capacity to provide custody of the product and the costs of

Investment options:

More information about the investment options available in Wealth Accelerator is available in the 'Managing your investments' section of Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Information about each of the available investment options is contained in the Investment Menu on our website.

¹³ Cash account: You must maintain a minimum balance of 1% of your Wealth Accelerator account (up to \$5,000) or \$500, whichever is greater, plus sufficient funds for regular withdrawals and LifeWRAP premiums.

¹⁴ Not all investment options are available if you choose Wealth Accelerator Core.

How Wealth Accelerator works

providing custody of the product. We may include products in which we have an interest as issuer, operator or responsible entity, including the GSS funds and the Managed Account. See page 48 for information on how we deal with conflicts of interests that arise.

We do not utilise an investment or due diligence committee to select investments for Wealth Accelerator. We do not undertake our own research into the merits of the financial products available using Wealth Accelerator nor do we have regard to research recommendations. Nor do we consider the risks, the likely performance or the extent to which market conditions, liquidity, asset allocation or diversification may impact on an investor in those products. Therefore, the fact that we make a product available through Wealth Accelerator must not be taken to be an endorsement of the product by us or a recommendation by us to invest in that product. We are not responsible for any investment made using Wealth Accelerator except, in the cases of the GSS funds and Managed Account, to the extent we are acting in our capacity as the responsible entity of those products. Investors in Wealth Accelerator Core are restricted to the investment options listed on page 5 and include investments operated by Netwealth.

Before making any investment using Wealth Accelerator, you and/or your Nominated Financial Adviser should undertake your own research, consider the relevant PDS or other disclosure document or available material relating to the investment and carefully consider whether the investment is appropriate for you in light of your personal objectives, financial situation and needs.

How to withdraw your money

You can request a withdrawal from your Wealth Accelerator account at any time. The minimum withdrawal amount is \$100 (or less if the balance in your account is less than \$100 and you wish to withdraw the whole balance).

You can withdraw any amount in your cash account classified as 'available for investment'. If there are insufficient funds in your cash account to provide the amount of cash you wish to withdraw, you can request your investments held using Wealth Accelerator be redeemed or sold. The proceeds are paid into your cash account once they are received by us.

If you have sufficient funds in your cash account, the withdrawal amount requested is transferred to one of your nominated bank accounts within five business days, or within five business days of sufficient funds becoming available to cover the withdrawal. However, in the normal course of business we aim to complete the transfer of funds within three business days of the relevant date.¹⁵

Payment of withdrawal proceeds is only made to one of your nominated bank accounts or to payees nominated through the pay anyone facility. If you change one of your nominated bank accounts, payments to your new account may be delayed until the change of account has been completed.

¹⁵ You can request that the proceeds be paid to one of your nominated bank accounts on the same day using Real Time Gross Settlement ('RTGS'). Same day payment is subject to your request being received and processed by us prior to our bank's cut-off time. A fee is also applicable, see the 'Transaction fees and costs' section on page 28.

Selecting & changing investments:

Wrap Service Guide 1a: Operating your Wealth Accelerator account provides more information about how to select or change investments.

Minimum balances:

A minimum of \$100 must be maintained in any particular investment you hold in Wealth Accelerator. The PDS or other disclosure document for a managed fund or other investment option may specify an alternative minimum amount and it may be necessary for us to comply with this minimum for your investment.

How Wealth Accelerator works

You are generally also able to transfer assets out of Wealth Accelerator, either into your own name or to an account you hold in another wrap or custodial service.

If any of the investments that we hold for you are not liquid, we continue to operate your account until those investments become liquid, are sold down and your payment made. Administration costs continue to apply to your account for as long as we need to keep it open. In some cases, it may be possible for you to arrange for us to transfer illiquid investments out of your account, rather than waiting for them to become liquid.

Alternatively, if you wish to close your Wealth Accelerator account, or the service is terminated, you can instruct us to transfer your assets to you or to another person lawfully nominated by you. Assets are transferred within a reasonable time, subject to any lien or charge over the assets.

In some cases, we receive income or other payments in connection with an investment some weeks or even months after the investment is sold or redeemed or transferred. Therefore, to ensure you receive these payments, where you withdraw all your investments from your Wealth Accelerator account, we keep the account open for up to two months after completion of a full withdrawal. Any payments we receive after the investment is withdrawn continue to go into your account and, at the end of this period, we close your account and pay any balance to one of your nominated bank accounts.

Risks

All investing involves some degree of risk. The values and returns of most investments fluctuate. Generally, the higher the potential return from an investment, the greater the associated risk. A general aim of investment is to maximise return while keeping the associated risks at a level the investor is comfortable with. A recognised strategy to assist in achieving this goal is diversification, which means spreading the total amount invested between a number of different investments.

It is important that you understand the applicable risks before you deposit funds in Wealth Accelerator, make investments using Wealth Accelerator and use certain features of Wealth Accelerator. You should carefully read the Disclosure Documents together with the PDSs or other disclosure documents for any investment you make using Wealth Accelerator for an explanation of the applicable risks.

You should also consider getting professional investment advice that is tailored to your investment objectives, financial situation and particular needs as this will assist you in deciding whether you are comfortable with the risks involved. If you do not understand all of the risks associated with Wealth Accelerator described in the Disclosure Documents, or you do not understand all of the risks of an underlying product invested in using Wealth Accelerator, you should ask a financial adviser, or an investment professional, to explain them to you.

Risks associated with Wealth Accelerator itself

There are risks associated with the operation of Wealth Accelerator including:

- operator risks - risks that affect Netwealth itself that could result in Wealth Accelerator being terminated or Netwealth being replaced as operator;
- operational risks – whilst we have systems and processes in place to support effective and efficient operations, we cannot eliminate the risk that a transaction or instruction might not be processed or implemented correctly; and
- systems risk - an interruption or fault or failure in any part of our computer or telecommunications systems or a breach of our online security could impact on our ability to provide the services described in this IDPS Guide.

These risks are explained in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Risks associated with investments made using Wealth Accelerator

The major potential risks associated with investing in Wealth Accelerator depend on what investments you choose within Wealth Accelerator. Investments made using Wealth Accelerator carry investment risks which may impact on the value of your account and/or limit your ability to withdraw your funds from Wealth Accelerator. Key investment risks include:

- company or share risk – the chance of a specific share or security falling in value due to unexpected changes in the company's internal operations or environment;
- market risk – economic, technological, political or legal conditions, and even market sentiment, can (and do) change and can impact investment markets which can affect the value of your investments;

Understanding risks:

You should also read the Risks section of Wrap Service Guide 1a: Operating your Wealth Accelerator account before you invest.

Risks

- fund manager risk – changes to a fund manager, such as loss of significant staff, or that a fund manager may not apply their stated investment philosophy can impact on the value of your investment; and
- liquidity risk – the risk that you will not be able to withdraw from an investment when you want to. This could occur if withdrawals from a managed fund are suspended because the assets of the managed fund have become illiquid or, in the case of a listed investment, trading in that investment on the stock market is suspended for a substantial period of time.

Where you invest in international securities there may be additional investment risks that could impact on the value and liquidity of your investments, including risks associated with currency movements and with different conditions on overseas markets such as quality of information about investments, market regulation, trading conditions and types of investment.

More information about these risks and other investment risks that could impact on Wealth Accelerator are explained in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better investor services justify higher fees and costs.

You may be able to negotiate to pay lower management costs where applicable. Ask the operator or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money or from the returns on your investment.

Tax information is set out on page 39 of this IDPS Guide and in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

You should read all of the information about fees and costs because it is important to understand their impact on your investment.

Fees and other costs for each managed fund accessible using Wealth Accelerator are set out in the PDS for the managed fund. Investment management fees for Managed Models are set out in the Managed Account PDS. Fees and costs for other accessible investments are set out in the relevant PDS (or other disclosure document). For further information on fees and costs of investment options, refer to the 'Additional explanation of fees and costs'.

Additional explanation of fees and costs

It is important that you understand the fees and costs of any accessible investment option you choose, and that the total fees and costs you incur include the fees and costs of Wealth Accelerator, the fees and costs of any investments you choose to make using Wealth Accelerator (including the Managed Account and investments made through it), together with the transaction and account costs incurred on your behalf.

The fees and costs of any managed fund, Managed Model, term deposit and other unlisted investments you choose are generally set out in the PDS (or other disclosure document) for that investment. This is also the case for some ASX listed securities (such as instalment warrants). We provide copies of the PDS (or other disclosure document) for an accessible investment, free of charge, on request.

¹⁸ Applies to Wealth Accelerator Plus only. Additional costs may apply, see pages 28 - 31.

¹⁹ For details regarding upfront and ongoing advice fees, negative cash account fee and other service fees see the 'Additional explanation of fees and costs' section on page 25. For details of additional fees applicable to Wholesale Clients see Wrap Service Guide 2: Wholesale Client Information Guide for details.

²⁰ We do not charge a withdrawal fee, exit fee or switching fee, however transaction costs may apply; for example, buy-sell spreads. See the 'Transaction fees and costs' section on page 28.

²¹ Applies to Wholesale Clients only (see Wrap Service Guide 2: Wholesale Client Information Guide for details). The amount of this fee may be negotiated (see page 26 for details). This fee will be effective from 22 August 2019.

Fees and other costs

Information about tax

All the fees and costs described in this IDPS Guide are inclusive of any Goods and Services Tax ('GST') at the current rate charged under the *A New Tax System (Goods and Services Tax) Act 1999* and are net of any input tax credits that we may be entitled to receive (unless otherwise stated). If at any time in the future the Government changes the rate at which GST or input tax credits are applied or the method of determining GST or input tax credits, the fees and costs deducted from your account may change.

Further information about taxation is included in this IDPS Guide under the heading 'Tax information' and in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Negotiation of fees

We may, at our discretion, negotiate the amount of the fees where indicated in the above fee table. You should contact us for further information regarding this.

Management costs

Cash account fee

The funds held in your cash account earn monthly interest at a rate set by us. The rate is variable and is currently set at no less than 0.50% p.a. less than the Official Cash Rate. The rate set by us is available on our website.

All investors' cash account balances are currently pooled in one or more interest-bearing accounts with an Australian bank. Each month we are paid the cash account fee out of the interest earned on the pooled account. We currently set the cash account fee so that the rate of interest credited to each investor's cash account (after taking out the fee) is equal to the Official Cash Rate less 0.50% p.a. For example, if during a month the Official Cash Rate is 2.0% p.a. and we set the cash account fee so that, after taking out the fee, interest is credited to your cash account at the rate of 1.50% p.a. The cash account fee is deducted from the interest earned on pooled cash before the interest rate for your cash account is declared. This fee is not deducted from your account.

Family fee rebate

The family fee rebate applies to Wealth Accelerator Plus. Wealth Accelerator Core accounts are not eligible for family fee rebates.

Family members can link their accounts via a family group and receive a rebate which represents a reduction of administration fees across the linked accounts.

Family groups can have a maximum of six linked accounts across Wealth Accelerator Plus and Super Accelerator Plus²² and can include the following:

- members of the same immediate family, (spouse, de facto/domestic partner, children, parents, siblings, grandchildren, grandparents); and

[More about the family fee rebate:](#)

Details of how the rebate is calculated are available in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

²² Super Accelerator Plus is a product of the Netwealth Superannuation Master Fund. See the Super Accelerator PDS available on our website for further information.

Fees and other costs

- companies, family trusts and self managed superannuation funds, provided the directors/directors of the trustee or the trustees and/or beneficiaries are members of the same immediate family.

We may use our discretion to determine the accounts to be included in any family group.

To arrange for accounts to be linked, complete a 'Family group request' form, available on our website, directly from us or from your Nominated Financial Adviser.

Underlying investment costs

You may also incur costs in the investments you make using Wealth Accelerator. These investment costs will be in addition to the management costs charged by Netwealth in relation to Wealth Accelerator.

Term deposits

There are generally no investment fees for investing in term deposits. The interest rate you receive is net of all applicable financial institution costs and fees are not deducted from your investment. We may agree to facilitate an early withdrawal from a term deposit. Early withdrawals are subject to withdrawal restrictions, notice periods and interest reductions as described in the terms and conditions, PDS or other disclosure document for that term deposit.

Fees and costs for managed funds

Fees and costs for each of the accessible managed funds are included in the PDS or other disclosure document for the relevant managed fund which is available in the Investment Menu on our website or by contacting us.

These fees and costs may include fees charged or retained by the issuer of the managed fund and indirect costs incurred in the managed funds. They are reflected in the unit price of the relevant managed fund and are an additional cost to you.

Some managed funds may charge a performance fee on your investment if a particular return is achieved. The relevant PDS should set out information on the performance fee (if any) charged by a managed fund and how it is charged.

Fees and costs for Managed Models

Fees and costs for the Managed Models are included in the Managed Account PDS.

These fees and costs include fees charged or retained by Netwealth in its capacity as responsible entity of the Managed Account which are deducted from your holdings in the Managed Account and indirect costs incurred in managed funds held within the Managed Account which are reflected in the unit price of the relevant managed fund. These are an additional cost to you.

Some Managed Models may charge a performance fee on your investment if a particular return is achieved. The Managed Account PDS sets out information on the performance fee (if any) charged by a Managed Model and how it is charged.

International securities fees and costs

These fees apply only if you invest in international securities using Wealth Accelerator Plus.

Fees and other costs

In addition to the fees described in the fees and costs table above, transaction costs will apply as described below in the 'Transaction fees and costs' table.

Fees and costs for other investment options

For any other investment option, see the disclosure document for that investment.

Service fees

Negative cash account fee

If your cash account goes into a negative balance for any reason, a fee is charged for the period that your cash account has a negative balance. The fee is an amount equal to the interest rate applicable to the positive cash balances in your cash account. For example, if during a month the interest rate on the cash account is 1.50% p.a., we set the negative cash account fee so that an amount is debited from your cash account at the rate of 1.50% p.a. of the negative balance. The fee is calculated on the daily negative balance for the period your cash account has a negative balance and charged to your account monthly. The fee is paid into the Wealth Accelerator cash pool; it is not retained by us.

Transaction fees and costs²³

Type of transaction cost

Buy-sell spread	<p>When purchasing and redeeming interests in managed funds, the responsible entity of the relevant fund is usually entitled to charge an amount to the investor for the cost of purchasing or selling the managed fund's assets. These costs are an additional cost paid by you at the time of the transaction. These amounts typically include things like brokerage and stamp duty and are usually reflected in the difference between the application price and withdrawal price of an interest in the managed fund. This is called the 'buy-sell spread'. Buy-sell spreads are generally used to fairly distribute the costs of buying and selling assets between those joining (in the case of buy costs), those leaving (in the case of sell costs) and the other investors in the managed fund. The buy-sell spread for any managed fund should be described in the PDS or other disclosure document for that managed fund.</p> <p>For example, if the application price for a managed fund is \$1.00 and the withdrawal price is \$0.996, the buy-sell spread you would incur if you invested \$50,000 in units in that managed fund and immediately redeemed those units would be \$200, or 0.40% of the total of your investment.</p>
Transfer out fee	<p>This is the fee for transferring managed funds, ASX listed securities or other investment options that are held in your Wealth Accelerator account to you or to another entity. The transfer out fee is \$50.00 per managed fund, ASX listed security or other investment. Any registry charges to complete the transfer are also charged to your account. This fee is deducted from your cash account at the time of the transfer and is paid to us.</p>

²³ For details of additional fees applicable to Wholesale Clients see Wrap Service Guide 2: Wholesale Client Information Guide for details.

Fees and other costs

Type of transaction cost

Offline transaction fee	Many transactions can be performed online. If you do not use the online capability when you transact, a \$20 offline transaction fee applies, except to those transactions for which we do not have online capability. This fee is deducted from your cash account at the time of the transaction. We may waive this fee at our discretion.
ASX listed securities – brokerage fee This fee applies only to Wealth Accelerator Plus.	A fee for brokerage services equal to 0.125% of trade value (with a minimum of \$18.50 per trade) is charged to your account when you purchase or sell ASX listed securities through our nominated broker. This fee is deducted from your cash account at the time of settlement of the trade and is paid to us.
ASX listed securities – share settlement fee This fee applies only to Wealth Accelerator Plus.	Subject to our approval, trades for ASX listed securities may be conducted with brokers other than our nominated broker. Trades will be settled using funds in your cash account. In this case, we may charge a share settlement fee of up to \$20 per trade to settle each trade. ²⁴ This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. If a trade does not settle, the dishonour fee incurred is deducted from your cash account together with any costs associated with the failed trade incurred by us.
Initial public offering ('IPO') fee This fee applies only to Wealth Accelerator Plus.	If you wish to participate in an IPO for an entity that is to be listed on the ASX and invest using Wealth Accelerator, then we may also charge you \$20 per IPO investment. If you wish to participate in an IPO for an entity that is to be listed on an overseas exchange and which we have approved, we may charge you \$50 per IPO investment. The IPO fee is deducted from your cash account at the time the application for the IPO is made and paid to us.
Warrant tax calculation fee This fee applies only to Wealth Accelerator Plus.	Instalment warrants, and other like assets, require specific taxation calculations to be prepared and processed to your account each year. A fee of \$40 for each holding of each warrant held during the year is charged to your account when we process the accounting entries in the following financial year. You may have purchased holdings in the same warrant at different times which means you will have more than one holding and will therefore incur more than one \$40 fee for that warrant. If you had holdings of a warrant during the year but sold them, you will still be charged fees as calculations will still be required.
International securities – brokerage fee ²⁵ This fee applies only to Wealth Accelerator Plus.	A fee for brokerage services equal to 0.20% of trade value (with a minimum of \$38.50 per trade) is charged to your account when you purchase or sell international securities through our nominated broker. This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. This is in addition to trading costs described below.

²⁴ Where you use your own broker to conduct a trade in ASX listed securities, that broker may charge brokerage which will be deducted from your cash account on settlement of the trade. The full amount of the brokerage, including GST, is charged to your account and paid to the broker. Where we receive an RITC in relation to this brokerage any RITC is retained by us.

²⁵ This fee will be effective from 22 August 2019.

Fees and other costs

Type of transaction cost

International securities – share settlement fee This fee applies only to Wealth Accelerator Plus.	Subject to our approval, trades for international securities may be conducted with brokers other than our nominated broker. Trades will be settled using funds in your cash account. In this case, we may charge a share settlement fee of up to \$25 per trade to settle each trade. ²⁶ This fee is deducted from your cash account at the time of settlement of the trade and is paid to us. If a trade does not settle, the dishonour fee incurred is deducted from your cash account together with any costs associated with the failed trade incurred by us.
International securities – trading costs	Trades on certain overseas exchanges may be subject to additional trading costs such as stamp duties, taxes and commissions. Where you instruct us to buy or sell international securities any such costs are deducted on settlement of the trade. Details of trading costs are available on our website. If a trade does not settle or there is a delay in settling a trade, any costs that we incur, associated with the failed or delayed trade, are deducted from your cash account.
International securities – currency conversion fees and costs ²⁷	Where you instruct us to convert currency in relation to trading or holding international securities, a margin of up to 0.45% may be applied to the prevailing spot price available in wholesale/inter-bank foreign exchange markets. We retain this margin, less any margin we pay to third parties to complete this conversion, as a fee.
Other investments	A \$20 fee is charged to your account when you purchase or sell other investments (that do not fall within the above categories). This fee is deducted from your cash account at the time of the transaction and is paid to us. ²⁸
LifeWRAP administration fee	If you select the LifeWRAP facility, we charge an administration fee of \$5 per month for each LifeWRAP policy held, which is deducted monthly in arrears from your cash account. This fee is in addition to the insurance premium that is deducted from your account. See the product disclosure statement for the relevant LifeWRAP insurance product for details about the policy and premiums.
Transaction netting fee	If we effect a transaction without buying or selling the relevant asset (for example, by netting transactions of different investors) we are entitled to retain as a fee the amount of any fee that would otherwise have been payable. You will be charged the relevant fee(s) for the transaction as if the transaction had taken place without netting.

²⁶ Where you use your own broker to conduct a trade in international securities, that broker may charge brokerage which will be deducted from your cash account on settlement of the trade. The brokerage charged is as agreed between you and your broker and is in addition to fees charged by us.

²⁷ This fee will be effective from 22 August 2019.

²⁸ Any transaction costs, including brokerage, are deducted from your cash account on settlement of the transaction.

Fees and other costs

Type of transaction cost

Real Time Gross Settlement ('RTGS') fee ²⁹	You may ask us to pay withdrawal proceeds to one of your nominated bank accounts on the same day using RTGS. A \$50 fee is charged to your account when you instruct us to pay withdrawal proceeds using RTGS. The fee is deducted from your cash account at the time of payment and is paid to us. We may waive this fee at our discretion.
International payments fee ²⁹	A \$50 fee is charged to your account when you instruct us to pay withdrawal proceeds to an international bank account. The fee is deducted from your cash account at the time of payment and is paid to us. We may waive this fee at our discretion.
Class action participation fee ²⁹	If and when you elect to participate in a class action in relation to an investment held in your account, a \$50 fee is charged to your account. The fee is deducted from your cash account at the time the election to participate is made and is paid to us. We may waive this fee at our discretion.
Class action payment fee ²⁹	Where you elect to participate in a class action and the class action is successful and results in a payment to your account, a fee of up to \$30 per class action is charged to your account. The fee is deducted from your cash account at the time the payment is made to your account and the fee is paid to us. If you no longer have a Wealth Accelerator account, we will attempt to make the payment to you subject to a fee of up to \$100 per class action which will be deducted from the amount payable to you. We may waive this fee at our discretion.
Cost base reconstruction fee ²⁹	If we are required to reconstruct a CGT parcel history for an in-specie transfer a \$20 fee per parcel will be deducted from your cash account at the time of reconstruction and paid to us. We may waive this fee at our discretion.

Advice fees

Advice fees are agreed between you and your Nominated Financial Adviser, for services provided by your Nominated Financial Adviser or their AFS Licensee in relation to your interest in Wealth Accelerator. When you sign the 'Application' form and nominate advice fees, you are instructing us to pay the advice fees as set out in the section of the 'Application' form headed 'Nominate your Financial Adviser and advice fees' to your Nominated Financial Adviser's AFS Licensee and you are authorising and instructing us to deduct those fees from your cash account. Where applicable, you are authorising for some or all of these amounts to be paid by your Nominated Financial Adviser's AFS Licensee to your Nominated Financial Adviser.

Where you agree to pay your Nominated Financial Adviser a percentage-based fee, unless you are a Wholesale Client, we will not apply this fee to any part of your investment that has been acquired using money that you have borrowed, if we have been told that this is the case. If you have borrowed funds to invest in Wealth Accelerator, you should tell us on your application or 'Additional deposit' form and you warrant to us that you have notified us of any borrowed amount.

²⁹ This fee will be effective from 22 August 2019.

Fees and other costs

You may instruct us to terminate any or all of the advice fees at any time. If you do not appoint a financial adviser as your Nominated Financial Adviser, no advice fees are charged.

Advice fees can be paid at your request. We can pay advice fees in a range of ways including those in the table below.

Type of advice fee	If you have nominated a financial adviser, you may agree with your Nominated Financial Adviser to pay advice fees as follows
Upfront advice fee	<p>An upfront advice fee of:</p> <ul style="list-style-type: none">• a flat percentage of the gross investment into your account; and/or• a specific dollar amount. <p>You can agree to a different amount to be charged as an upfront advice fee on:</p> <ul style="list-style-type: none">• your initial investment and any subsequent investments; and• your regular savings plan (if you set one up) made by direct debit each month.
Ongoing advice fee	<p>An ongoing advice fee for services that your Nominated Financial Adviser provides in relation to the monitoring and ongoing reporting on your account and advice about your account. You may agree to pay an ongoing advice fee as follows:</p> <ul style="list-style-type: none">• a flat percentage or a tiered percentage of the gross daily value of your account; and/or• a specific dollar amount which may be indexed each year. <p>Percentage-based fees are calculated daily on your total account balance, including your cash account, term deposits, managed fund investments, listed securities, Managed Models and any other investment options in your account. These fees are deducted monthly in arrears from your cash account.</p> <p>For a specified dollar amount fee, you must specify the month in which the fee is to commence. The full amount of the fee is deducted from your cash account in that month and at the end of each month, quarter, half year or year thereafter, as agreed by you and your Nominated Financial Adviser.³⁰</p>

³⁰ If you withdraw from Wealth Accelerator and close your account or if you change your Nominated Financial Adviser, any fixed dollar ongoing advice fees for the month in which this event occurs are paid on a pro-rata basis for the period up to the date of the withdrawal or change.

Fees and other costs

Type of advice fee	If you have nominated a financial adviser, you may agree with your Nominated Financial Adviser to pay advice fees as follows
Advice fee – listed securities This fee applies only to Wealth Accelerator Plus.	<p>An advice fee in respect of advice in relation to transactions in ASX listed securities placed through our nominated broker.</p> <p>The available fee options are:</p> <ul style="list-style-type: none">• a percentage of the trade value of the listed security or securities; or• a specific dollar amount per trade; or• a specific amount which is the greater of the two above. <p>Where you use the Managed Account, this fee will not apply to trades on listed securities in it unless you expressly instruct us that this fee is to apply to these trades.</p>
Once only advice fee	<p>From time to time you may agree with your Nominated Financial Adviser to pay a single, once-only fee for specific advice services provided by your Nominated Financial Adviser in relation to your interest in Wealth Accelerator. We then deduct the fee from your cash account and pay the specified amount to your Nominated Financial Adviser's AFS Licensee.</p>

We may at our discretion agree to provide for the payment of advice fees in other circumstances or calculated in other ways. The type and amount of such advice fees must be previously authorised by you and agreed with your Nominated Financial Adviser. You may instruct us to pay the advice fees to more than one adviser or AFS Licensee.

Reduced input tax credits on advice fees

Where you have negotiated advice fees with your Nominated Financial Adviser, you direct us to pay the agreed amount to your Nominated Financial Adviser's AFS Licensee. The amount of fee deducted from your cash account may be less than the amount agreed with your Nominated Financial Adviser. This is because Wealth Accelerator may be entitled to claim and receive a reduced input tax credit ('RITC') on the GST payable on these fees. If we apply for and receive an RITC, the value of this is passed on to you by reducing the fee by the amount of the RITC. Note that our eligibility to receive an RITC or the rate of the RITC may change, in which case the amount of any such reduction will also change.

Other fees and costs

All government and other fees and costs (including bank fees, stamp duty, cheque dishonours, fail fees and penalty interest) incurred in respect of your account may be charged to your cash account at our discretion. If you request certain documents from us regarding your account, you may be charged the reasonable costs of obtaining and sending these documents, at our discretion.

Changes to fees and costs

Until investors are notified otherwise, our fees and costs will remain as set out in this IDPS Guide. We may change the fees we charge without your consent, but we will give at least 30 days' notice to investors of any proposed increase in fees for Wealth Accelerator. However, no change is contemplated at this time. We may, at our discretion, either waive or defer payment of any fees or costs payable to us in whole or in part.

Fees and other costs

Example of annual fees and costs - Wealth Accelerator Core (excluding fees and costs of the investment options)

This table gives an example of how fees and costs for Wealth Accelerator Core can affect your investment over a 1-year period. You should use this table to compare Wealth Accelerator Core with other investor directed portfolio services.

EXAMPLE – Wealth Accelerator Core		Balance of \$50,000 in your account with a contribution of \$5,000 during the year ³¹
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management costs	Administration costs: 0.35% p.a. administration fee + 1.45% p.a. cash account fee ³²	And , for the \$50,000 you have invested in Wealth Accelerator Core you will be charged \$182.25 each year. ³³
EQUALS Cost of investments		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you will be charged fees of \$182.25 . ³⁴ What it costs you will depend on the investment options that you choose and the fees you negotiate.

Note: Additional fees apply. This example is illustrative only and assumes that you have chosen Wealth Accelerator Core. Fees and costs may vary for your actual investment. The above example only shows the fees and costs that relate to accessing investments using Wealth Accelerator and not the fees and costs of the investment options, such as management costs set out in the relevant managed fund or Managed Account PDS. Additional costs will be charged by the issuers of those products that you decide to invest in. Refer to the following example that illustrates the combined effect of the fees and costs.

³¹ This example is based on an investment of \$50,000 and assumes that there is a constant account balance throughout the year.

³² A cash account fee of 1.45% p.a. has been used for the purpose of this example, which assumes that:

- interest we declare in relation to the cash account is 1.0% p.a. (i.e. 0.50% p.a. less than the Official Cash Rate, assumed to be 1.50% p.a.); and
- interest we earn on pooled cash funds is 2.45% p.a.

³³ \$500 is required to be maintained as the minimum cash requirement and \$49,500 is available to be invested in investment options. This example is based on \$500 in the cash account and does not include fees and costs that would be incurred in relation to investing the remaining \$49,500 in an investment option. See the table below for an example of total costs.

³⁴ Additional fees may apply:

- If you have a Nominated Financial Adviser, you may choose to pay advice fees. See page 31 for details.
- Where managed fund units are purchased, a buy-sell spread may apply. Buy-sell spreads are discussed further on page 28.
- For other transaction costs and incidental fees, see pages 28 - 31 for further details.

Other payments and benefits

Payments to us

If you invest using Wealth Accelerator, we receive the fees that you pay in relation to the services we provide to you in connection with Wealth Accelerator. These fees are described starting on page 23.

GSS funds

We, acting in a separate capacity, are the responsible entity of the GSS funds which are available to invest in using Wealth Accelerator. We receive fees for acting as the responsible entity of these funds. These fees are set out in the PDSs of the GSS funds.

Managed Account

We, acting in a separate capacity, are the responsible entity of the Managed Account which is available to invest in using Wealth Accelerator. We receive fees for acting as the responsible entity of the Managed Account. These fees are set out in the Managed Account PDS.

Payments from investment managers

We receive fees from providers of certain investment options that are available in the Wrap Service and/or in the Netwealth Superannuation Master Fund. These amounts are for the inclusion of products on the menus and for associated administrative activities. The amounts we currently receive are: ongoing fees of up to 0.165% p.a. of the total amounts invested with certain fund managers, ongoing fees of up to \$7,700 p.a. per investment option from certain other fund managers, ongoing fees of up to \$44,000 p.a. from providers of term deposits and ongoing fees of up to \$5,500 p.a. per model from the managers of Managed Models available in the Managed Account. These amounts are paid to us from the provider's own resources and are not an additional cost to you. These fees are retained by us.

In addition, fund managers who participate in the Investor Rewards Program pay us 0.10% p.a. of amounts invested with them. These amounts are passed on to investors and are not retained by us.

Your adviser may agree with certain fund managers that the fund manager will pay a rebate of part of their management fees to us on your behalf, based on the amount invested with that fund manager. Any such amounts we receive in relation to your investments will be passed on to you and are not retained by us.

LifeWRAP Policy fee

We may receive an administration fee from an insurer who provides life insurance under the LifeWRAP facility to investors in Wealth Accelerator. Currently, this fee may be up to \$60 for each in-force individual policy per annum. This fee is paid by the insurer for us providing services to the insurer under an administration agreement in relation to the individual policies offered as part of Wealth Accelerator. This is paid by the insurer and is not an additional charge to you.

Initial Public Offerings

We do not charge clients any brokerage in connection with subscriptions for shares in IPOs (other than the initial public offering fee described in the 'Transaction fees and costs' table on page 29). We may, however, receive a fee from the issuer of the IPO for handling the application as disclosed in the relevant prospectus and/or offer communication for the IPO.

Tax information

Information about tax is available in Wrap Service Guide 1a: Operating your Wealth Accelerator account. You should obtain up to date professional advice about how tax applies to your circumstances before making an investment.

Annual tax statement

To help you complete your tax return each year, we give you an annual tax statement. Unless you specifically request otherwise, your tax statement is prepared on the basis that you are investing:

- as an Australian resident individual; or
- as an Australian trust; or
- as an Australian resident company; or
- as an Australian superannuation fund.

Do I need to give you my Tax File Number ('TFN') or Australian Business Number ('ABN')?

Under Part VA of the *Income Tax Assessment Act 1936*, we are authorised to collect your TFN which will only be used for lawful purposes which may include making investments on your behalf and reporting to the Australian Taxation Office.

If you are making the investment in the course of a business or enterprise carried on by you, you may quote your ABN instead of a TFN. It is not an offence not to quote your TFN or ABN. However, failure by you to quote an ABN, TFN or claim an exemption, may cause us to withhold tax at the top marginal tax rate plus Medicare levy (and any other applicable levies), before passing on interest, distributions or other income to you.

The lawful purposes for which your TFN can be used and the consequences of not quoting your TFN may change in the future as a result of legislative changes.

If you wish to quote your TFN or ABN, complete the relevant section of the 'Application' form, or alternatively you can quote your TFN or ABN on the 'Tax File Number notification' form available from your Nominated Financial Adviser, our website or directly from us.

By supplying your TFN or ABN you authorise us to apply it to all investments made using Wealth Accelerator on your behalf.

Using a financial adviser

For help about investing generally, you may wish to speak to a registered financial adviser.

You may appoint a financial adviser as your Nominated Financial Adviser and also as your Adviser Representative.

Nominated Financial Adviser	Your Nominated Financial Adviser is able to access information online about you and your account and receives copies of communications sent to you by us. You may agree to pay advice fees for services provided by your Nominated Financial Adviser.
Adviser Representative	Your Nominated Financial Adviser is automatically appointed as your Adviser Representative (unless you instruct us otherwise). Your Adviser Representative is able to act on your behalf on matters relating to your Wealth Accelerator account, including providing us with instructions about your account and undertaking online transactions on your behalf.

You do not need a financial adviser to open or maintain a Wealth Accelerator account. If you do nominate a financial adviser when you open an account, you may cancel or change that nomination at any time by contacting us. If you choose not to nominate a financial adviser, you will not be able to have an Adviser Representative appointed, and certain investment options may not be available to you.⁵¹ However, you will continue to have access to all of the other features and benefits of Wealth Accelerator. A copy of our policy addressing the consequences for investors who do not use a financial adviser is available from us free of charge on request.

A LifeWRAP insurance policy is only available through an adviser who is authorised by the insurance company who provides the policy.

Getting financial advice:

ASIC can help you check if a financial adviser is registered by calling them on 1300 300 630 or by checking on their website asic.gov.au. If you do not have an adviser, you can contact us and we can put you in touch with someone who can help.

Important warning about appointment of Adviser Representatives:

As your Adviser Representative can access your online account and they will have authority to act on your behalf on matters concerning your account and investments, it is essential that you have complete confidence in your Nominated Financial Adviser handling your investments. If you have any doubts about this, you should complete the opt-out section in the 'Application' form.

More information:

Wrap Service Guide 1a: Operating your Wealth Accelerator account contains more information about your Nominated Financial Adviser and Adviser Representative.

⁵¹ Certain adviser groups and/or licensees have entered into arrangements with us for their clients to have access to certain investments, including certain managed funds, unregistered managed investment schemes and Managed Models, that are not otherwise available to investors using Wealth Accelerator. These investment options will not be available if you do not have a Nominated Financial Adviser and may no longer be available to you if you change your Nominated Financial Adviser or you no longer have a Nominated Financial Adviser.

How do direct and indirect investments differ?

You should be aware that the rights of investors, who invest indirectly using Wealth Accelerator, in any term deposits, managed funds, ASX listed securities, international securities or other approved investments, differ from the rights of investors who invest directly in those investments.

When investing using Wealth Accelerator, you do not acquire investments directly. Investments are held by us on your behalf. As a result, you are not the legal owner but you are the beneficial owner of investments. Whilst you do not have the rights of the legal owner, we do have those rights and we hold them as custodian for your benefit.

In addition, as you do not hold investments directly the following differences from direct investment apply to investments you hold in Wealth Accelerator:

- where you hold managed funds in Wealth Accelerator you will not receive communications directly from the fund manager or operator of the fund. See 'Communications about your investments' on page 44;
- where you hold ASX listed securities or international securities in Wealth Accelerator you will not receive communications from the share registry or underlying company in relation to the listed securities. See 'Communications about your investments' on page 44;
- there can be delays in transacting that may not apply if you were investing directly;
- when you invest in managed funds or other investments, any rights which the disclosure document or PDS for the managed fund or other investment describes as being exercisable by the investor are exercisable by us. As we are not a retail investor, the 14-day cooling-off period that often applies to managed fund investments will generally not apply when investments are made using Wealth Accelerator. See 'What if you change your mind?' on page 45;
- when you invest in ASX listed securities these securities are held in our name as a single holding. Where you invest in international securities these securities will be held by our appointed sub-custodian. As a result you will not be eligible for certain benefits that can arise from a direct holding (e.g. shareholder discounts) and there may be limitations on your ability to participate in corporate actions;
- where you choose to use the Managed Account, decisions about corporate actions applying to assets held in it will be made by us as operator of the Managed Account at our discretion;
- you will not be entitled to exercise rights to vote in relation to investments held in Wealth Accelerator, but in certain circumstances you can instruct us how to vote or appoint a person as a proxy or representative for the purposes of exercising voting rights (see below); and
- if the disclosure document for the underlying asset is defective before the issue of the underlying asset, the minimum subscription amount for the offer is not raised or if the disclosure document for the underlying asset states that the underlying assets are to be quoted on a financial market but no application for admission to quotation is made or the underlying assets are not admitted to quotation, you will not have the rights that may be available to direct investors in those circumstances to withdraw their application to acquire the asset, or return the assets to the issuer and be repaid.

How are the voting rights attached to your investments exercised?

As all investments in Wealth Accelerator are held on your behalf by us as custodian and we are the legal owner of the investments, all notices of meeting in relation to the investments are sent to us and the voting rights attached to the investments can only be exercised by us or by someone appointed by us. We have a voting policy that determines how the voting rights attached to your investments may be exercised. Under the voting policy there are two ways in which voting rights can be exercised.

The first way is if we believe a matter being voted on will have a material financial impact on the value of an investment held for you. In these circumstances we will notify you of the matter being voted on and how you may give us instructions on how to vote, usually by posting information on our website. Generally, we will not notify you of 'business as usual' matters such as re-election of directors at annual general meetings. You will only be notified of a matter where, in our opinion, it could be expected to have a material impact on the value of your investment. If you give us a valid instruction on how to vote, then we will vote on your behalf.

The second way is if you direct us to appoint a person you nominate as proxy or representative for the purposes of exercising the voting rights in relation to particular resolutions or a particular meeting. While we have a discretion whether or not to accept your direction, generally we intend to do so. Subject to us accepting the direction and subject to any restrictions we impose on the direction, you may nominate any person you wish, including your Nominated Financial Adviser or yourself, to be the proxy or representative and you may direct them how to vote in relation to the particular resolutions. Where we accept your direction, we will ensure you are given any information that is available to us in relation to the resolutions to be voted on. We may do this by providing the information to you or to your Nominated Financial Adviser. If we have posted the information on our website or reasonably believe that you or your Nominated Financial Adviser already has the information, it is not necessary for us to provide the information again. We will not accept a standing instruction from you to nominate a proxy or representative to exercise voting rights on future resolutions relating to the assets held in your account.

Communication about your account

How do we communicate with you?

When you complete your application you are given a choice as to how you wish us to communicate with you, either electronically or by post. You can change how we communicate with you by completing a 'Change of details' form available from our website or through your online account.

If you provide us with your email address and/or your mobile phone number and you indicate that you wish to receive communications 'electronically', or do not otherwise indicate how you would like to receive communications, then communications⁵² are sent to you by:

- a SMS sent to your mobile phone number;
- an email sent to your email address;
- an attachment to an email sent to your email address; or

⁵² We may determine at our discretion that certain communications should be sent by post to your nominated postal address, regardless of your nominated communication preference.

Voting policy:

A copy of our IDPS voting policy is available free of charge on request by contacting us.

Further Information

- notification to you by email or SMS that the communication is available for you to access in your secure online account or on our website.

To protect your privacy you should ensure that the email address you provide to us is secure and confidential.

If you nominate by post, then all communications from us are sent to your nominated postal address.

Communications include all letters, statements, confirmations, notices and any legally required communications but do not include information that you agree to access through your online account.

Seeking your authority by SMS or email

We may seek authority or confirmation of certain transactions completed by you or your Adviser Representative using either SMS or email. We may use SMS or email to authorise or notify you of:

- withdrawals made using the pay anyone facility;
- a change of nominated bank account initiated by your Adviser Representative;
- an update to your ongoing advice fee or inclusion of a once only advice fee initiated by your Adviser Representative.

For certain transactions you are required to provide your mobile phone number for use in relation to these transactions. It is important that the mobile phone number you provide to us is current and secure to ensure that you are notified of these transactions.

Annual statements

Once a year, we provide you with:

- an Annual Tax Statement to assist in completing your tax return, with details of income you have received, any realised capital gains and/or losses and any taxes, fees and charges debited from your cash account during the financial year; and
- an Annual Statement with details of all your transactions and investments as at the end of the financial year, along with the Annual Audit Report prepared by Wealth Accelerator's auditors.

Your annual statements are available in your online account and will not be sent to you, unless you request in your application or by contacting us to have them sent to you. If you request to have your annual statements sent to you, they are sent as a communication, either electronically or by post as described above.

Transaction confirmations

When you transact on your account you can access information about your transactions in your online account. We do not provide transaction confirmations unless you request in your application or by contacting us to have transaction confirmations sent to you. If you request confirmation statements, these are sent to you only where transactions have occurred. Confirmation statements detail activity such as deposits, new investments and redeemed investments.

Communications about your investments

As the operator of Wealth Accelerator, we hold your investments as custodian and receive information regarding your holdings of ASX listed securities, managed funds and other investments. Information about the investments you hold in Wealth Accelerator may be sent by the operator, manager or register of the investments to us. They do not send information to you.

Information we receive in relation to investments may include notices of rights issues, bonus issues, share purchase plans or share buy backs. We may also receive notices from the person responsible for a managed fund about changes to the product including changes to the responsible entity, structure or investment strategy.

We provide information about notices we receive from investments where we believe they require a decision that may have a material financial effect on your investment. For example, where a notice involves an offer to participate in an issue at a potentially beneficial price and that offer is available to be taken up by investors through Wealth Accelerator, we provide details of that offer to you. We also provide other information where we believe it is information of significant importance to investors.

Generally, we do not pass on other information we receive from your investments if we do not assess it as being material to investors. This may include, but is not limited to, information such as announcements, financial reports, results announcements and newsletters. You may request that we give to you a copy of communications that the issuer of the accessible investment is required by law to give to holders, including communications that holders of the investment may elect to receive. You may make such a request in relation to a particular communication. We provide the information as soon as practicable after the information is received or otherwise becomes available to us.

Some advisers have arrangements with their clients for the adviser to receive all communications about their clients' investments. This is to reduce the amount of correspondence their clients receive and ensure that the adviser can help their clients determine and implement actions they need to take. We may, at our discretion, enter into an arrangement with your Nominated Financial Adviser for all communications about the investments held in your account to be directed to your Nominated Financial Adviser and not to you. In this instance, you appoint your Nominated Financial Adviser as your agent to receive all such communications on your behalf, and your Nominated Financial Adviser undertakes to ensure that you have agreed to the arrangement with them, that you are notified of any such communications and that they seek your instructions about any required actions.

Anti-Money Laundering and CTF Legislation

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* ('**AML/CTF Act**') applies to the financial services we provide and requires us to:

- identify customers before providing a service or making a payment;
- report suspicious transactions; and
- adopt and maintain an AML/CTF program.

More about corporate actions:

More information about corporate actions is available in Wrap Service Guide 1a: Operating your Wealth Accelerator account.

Correspondence about investments:

It is important that you and your Nominated Financial Adviser agree how communications about investments will be managed. You should discuss this with your Nominated Financial Adviser.

Further Information

To comply with the AML/CTF Act, for each new Wealth Accelerator application the relevant identification forms are required to be completed and submitted together with the application.

We may not be able to invest your funds until we receive all the required identification forms and, if the required forms are not received within a reasonable time, we may be required to return your funds to you.

In addition, the AML/CTF Act may require us to:

- delay, block, freeze or refuse to process a transaction or provide a service to you; and
- not inform you of any delay or hold on your account.

Privacy

We require personal information from you to provide you with the services described in this IDPS Guide. Information about how we collect, use and disclose your personal information is set out in our FSG and our Privacy Policy. You should read and understand these documents before you apply. You will be taken to agree with the management of your personal information in accordance with these documents when you apply.

Our Privacy Policy also contains important information about why we collect information, who your information may be shared with, how you may access your personal information and how you may make complaints about a breach of privacy.

We will keep any information of a confidential nature in confidence, apart from any disclosure of information to ASIC or as described in our Privacy Policy.

What if you change your mind?

Direct investors in many financial products have access to cooling-off rights, which means that they have the right to cancel their investment within 14 days and receive the amount paid (less certain fees and market movement, if any). However, Wealth Accelerator is an IDPS and investors in Wealth Accelerator do not have cooling-off rights. They may however close their account at any time.

As investments held in Wealth Accelerator are held in our name and we are not a retail investor, the 14-day cooling-off period that often applies to managed fund investments generally does not apply when investments are made using Wealth Accelerator. This means that if you change your mind about an investment after it has been made, you may incur fees that would not apply if cooling-off rights existed. This is particularly important where you choose to use Wealth Accelerator to invest in products that have infrequent or restricted redemptions because, if you change your mind about the investment, you may not be able to have the investment redeemed until the next redemption opportunity. You should therefore speak to your Nominated Financial Adviser about the liquidity of an investment before instructing us to invest your funds in it.

Complaints

We have arrangements in place to consider and seek to resolve any complaints about the services we provide to you. If you have a complaint about us, Wealth Accelerator or our services, you may contact us by email, telephone or in writing to:

The Complaints Manager – Investor Services

We will seek to resolve your complaint within 45 days of receiving it. During this time we will update you on the progress of your complaint.

We are a member of the Australian Financial Complaints Authority ('**AFCA**'). AFCA is an independent external dispute resolution service established by the Federal Government, which deals with complaints from customers involving financial services and products. If you are not satisfied with the result of our internal complaints procedure, or it has taken longer than 45 days for you to receive a response, you may be able to refer your complaint to AFCA. AFCA will review your complaint without charge. AFCA may be contacted by email, telephone or in writing to:

Where you invest in a financial product using Wealth Accelerator you will have access to the same dispute resolution procedures provided by the product provider for the direct investors in that product. If you have a complaint in relation to a product that you have invested in using Wealth Accelerator, then we will assist you in attempting to resolve your complaint with the product provider by contacting the product provider on your behalf and, where necessary, providing information about your investment in the product to the product provider. While we take reasonable steps to facilitate investors in resolving their complaints with product providers, we have no control over and are not responsible for the actions of any product provider in resolving complaints (except where we are the product provider).

If you have an insurance policy linked to Wealth Accelerator, the policy will be in your name and you will be the owner of the policy. If you have a complaint about the insurance policy, you must deal directly with the insurer using the dispute resolution procedure described in the insurer's PDS. We will assist you in dealing with the insurer by providing you with contact details for the insurer and information about the payment of premiums. However, we are not responsible for the actions of any insurer.

If you have a complaint about advice that you have received from a financial adviser, you need to contact the adviser or their AFS Licensee. The Financial Services Guide provided by the adviser should outline their dispute resolution procedure. We are not responsible for your Nominated Financial Adviser or any other financial adviser, the advice that they provide or the actions that they may take.

Our responsibilities to you

Duties of Netwealth

We operate Wealth Accelerator in accordance with the Netwealth Wrap Deed dated 12 October 2000 as amended from time to time ('**Wrap Deed**'). You may obtain a copy of the Wrap Deed from us free of charge from our website or by contacting us. We, as the operator of the Wrap Service, have certain duties, including the following:

- we must act honestly and with reasonable care and diligence in performing our duties under our contract with our clients and we must maintain adequate arrangements to enable us to provide the services described in the Disclosure Documents in any reasonable contingency;
- if another party carries out functions for us, we must pay any compensation arising out of acts of the agents engaged by us;
- we must ensure that all Wealth Accelerator investments held by us or a custodian are held on trust for you and, on request, acknowledge the manner in which we hold the assets in custody;
- before arranging for any assets in Wealth Accelerator to be held by another custodian or sub-custodian we must provide you with notice of the identity and contact details for that custodian;
- we must apply verification procedures for appropriately frequent reconciliation and checking of the assets held on your behalf;
- we must not take or grant a charge, mortgage, lien or other encumbrance over, or in relation to, the assets held in Wealth Accelerator unless it is for expenses and outlays made within the terms of the Wrap Deed and the Disclosure Documents, other than any unpaid fees of the licensee, or in accordance with your instructions;
- we must ensure that copies of all communications that are required by law to be given in relation to the investments held on trust by us are given to you if you request them;
- we must give you electronic access to transaction information on a substantially continuous basis, and must give an annual statement to you within three months of the end of each financial year;
- we must generally act in accordance with your instructions; and
- we must keep your assets separately identified as far as practicable in our own records.

Under the Wrap Deed, we are not responsible for any losses or liabilities incurred by clients in relation to Wealth Accelerator or the Wrap Deed, except to the extent that those losses and liabilities arise from our own negligence, fraud or wilful default. Also under the Wrap Deed:

- if we act in good faith and without negligence, fraud or wilful default, we are not liable in contract, tort or otherwise to clients for any loss suffered in any way relating to Wealth Accelerator or the Wrap Deed; and
- we are not liable for any indirect, special, punitive or consequential loss or damage even if we have notice of them and regardless of the form of actions, or any loss or damage caused by an act of God, fire, flood, civil or labour disturbances, act of any government authority or other act or threat of any authority, legal constraint, fraud or forgery.

We are liable to you if there is a loss to you due to a failure by us or by a person we engage to hold custodial property in which you have a beneficial interest, to:

- comply with the duties under the Wrap Deed and the Disclosure Documents relating to holding the custodial property; or

Further Information

- observe reasonable standards generally applied by providers of custodial or depository services for holding the property held.

However we will not be liable in those circumstances if the liability is caused by the insolvency of a person we have engaged to hold custodial property and we have taken reasonable care in engaging that person and monitoring their compliance.

We are entitled to be indemnified out of the relevant investments in a client's Wealth Accelerator account for any liability, loss, claim, demand and cost incurred by us or our agents or our delegate in properly performing or exercising any of our powers or duties in relation to the custody service provided as part of Wealth Accelerator for the client.

The assets of the Wrap Service may be commingled with assets held by Netwealth in its capacity as custodian or trustee of other IDPSs, funds or schemes it operates and, in certain circumstances, its own assets.

Managing our conflicts

In all dealings in relation to Wealth Accelerator we deal with related parties on arm's length terms and any potential conflict of interest or duty is managed in accordance with our Conflicts Management Policy and Framework. A copy of our 'Conflicts Management Policy Summary' is available on our website.

Employees and directors are remunerated by Netwealth Group Services Pty Ltd for their services and may hold shares in Netwealth Group Limited. Information relating to our Executive Officers and their Relevant Interests and Duties is available on our website.

Financial products available using Wealth Accelerator may include products in which we have an interest as issuer, operator, or responsible entity, including GSS funds and the Managed Account. We may receive fees for investments made in these products as described in the 'Other payments and benefits' section on page 38.

Things you agree to when you apply – your contract with us to use Wealth Accelerator

When you apply to open a Wealth Accelerator account and we accept your application by opening your Wealth Accelerator account, you and we form a contract under which we agree to provide the functions of Wealth Accelerator to you and you make certain representations, promises and acknowledgements to us and give certain indemnities for our benefit. The terms of the contract include all matters covered by the Disclosure Documents.

In particular, you expressly agree to all of the following:

1. You agree to the terms and conditions of Wealth Accelerator as set out in the Disclosure Documents

In addition to the matters specifically set out below, you agree to the terms and conditions of Wealth Accelerator as described in the Disclosure Documents, including all of the separate documents taken to be part of them which are relevant to you, the 'Application' form and all other forms completed by you or on your behalf in connection with your investment in Wealth Accelerator and, where you apply to open an account online, the matters you agree when completing the online application.

You agree that, subject to law, we may amend this contract from time to time as we reasonably consider necessary or desirable without prior notice to you. However, if any amendment is materially adverse to you, we must give you sufficient notice to enable you to close your Wealth Accelerator account and have any assets held in your account (or the net proceeds from them) transferred to you prior to the amendment taking effect. This power of amendment is in addition to our powers of amendment under the Wrap Deed.

You agree that it is your responsibility to familiarise yourself with the aspects of Wealth Accelerator described in the Disclosure Documents, including the documents incorporated in them, that are relevant to you, both when you apply to open your account and if you subsequently choose to use new or additional facilities. For example, if you initially choose to invest in managed funds through your account and then, at a future date you choose to use the LifeWRAP facility or invest in term deposits, ASX listed or international securities or choose to use the Managed Account, the terms and conditions that relate to LifeWRAP, term deposits, ASX listed or international securities or the Managed Account (as applicable) apply to you and it is your responsibility to familiarise yourself with them.

To the extent that you have a liability to us under this contract, and that liability is not fully satisfied through any right that we have to indemnification out of your account, you agree to pay us the amount of the unsatisfied liability immediately on demand for payment being made by us.

2. You agree it is your responsibility to check updates before making future investments

You agree that, while the information in the Disclosure Documents is up to date as at the time when they are given to you, from time to time in the future there may be changes materially affecting Wealth Accelerator and, before deciding to make further investments, it is your responsibility to familiarise yourself with the changes which are notified by us in notices to investors, in supplementary disclosure documents and in new disclosure documents (which are available to you on our website) or by a combination of these things.

Things you agree to when you apply – your contract with us to use Wealth Accelerator

Changes to Wealth Accelerator that are not materially adverse are notified to investors in Product Disclosure Updates (which are available to you on our website).

Where you invest further amounts in Wealth Accelerator in the future, you agree that you do so on the basis of the changes notified by us in these ways.

3. You are bound by the Wrap Deed

You agree to be bound by the terms of the Wrap Deed.

4. Disclosures and payments to your Nominated Financial Adviser and their AFS Licensee

You agree that we can disclose to your Nominated Financial Adviser named in the section of the 'Application' form headed 'Nominate your Financial Adviser and advice fees', to their AFS Licensee and to their officers, employees and authorised representatives, information regarding your application and/or investments relating thereto.

You instruct and authorise us to deduct the fees set out in the section of the 'Application' form headed 'Nominate your Financial Adviser and advice fees' (including as varied by you from time to time) from your cash account and pay them to your Nominated Financial Adviser's AFS Licensee on your behalf.

5. Appointment of an Adviser Representative

You agree that, unless you have opted out of appointing your Nominated Financial Adviser as your Adviser Representative, you accept and understand the conditions and have read and noted the warning on Page 40.

6. No guarantee or advice from us

As Wealth Accelerator is an IDPS, you have the sole discretion to decide what investments will be acquired, held, disposed of or otherwise dealt with. As the operator of Wealth Accelerator, we will implement your investment decisions but we are not responsible for any investment decisions you may make or for monitoring or advising you in relation to your investments and we will never provide you with personal advice in relation to Wealth Accelerator or investments made using Wealth Accelerator.

You agree that investments made using Wealth Accelerator, including any interests in any managed funds, ASX listed securities, international securities or any other investments are subject to investment risk, including possible delays in repayment and loss of income and capital invested.

You agree that neither the repayment of capital nor the investment performance of the investments in Wealth Accelerator are guaranteed by us.

7. Privacy and use of information about you

You agree that you have read and understood the 'Privacy' section of the Disclosure Documents and our Privacy Policy and you agree to your personal information being collected and managed in accordance with this section and our Privacy Policy. You acknowledge that you can opt out from the use of that information for the purpose of direct marketing by telephoning or by writing to us.

You agree that you will provide us with any information we may request which relates to investments made into Wealth Accelerator, and if any of the information provided by you changes, you agree to notify us as soon as possible.

If you choose to invest in international securities using Wealth Accelerator, you agree to us providing to persons located in overseas jurisdictions such personal information as may be appropriate in relation to us buying, selling or holding international securities on your behalf.

8. Investments made for you using Wealth Accelerator

You direct us to hold your money in the cash account until you select other investment options.

You agree that we will purchase investments using funds in your cash account, in accordance with your instructions as you provide from time to time.

You agree that it is your responsibility to become properly informed about all investments you request to be made through your account before making the investments and it is your responsibility to monitor the ongoing performance of those investments. You understand that, in order to do this, you need to consider the PDS and other disclosure documents before the initial investment and, before you make any changes to the investment (including investments under a reinvestment instruction or dollar cost averaging plan) you need to consider whether it is necessary to obtain a current PDS and continuous disclosure information regarding the investment.

You are aware and agree that you can access information about the investment options and underlying financial products on our website and have considered this information before you apply to use Wealth Accelerator.

You agree that, if you choose to invest in listed securities or you use Managed Models or other investment options agreed with us using Wealth Accelerator, you are aware of the additional costs and risks associated with investing in these options.

You authorise and direct us to either realise or transfer to you (at our discretion), managed funds, ASX listed securities or other investments held by us on your behalf that subsequently cease to be approved accessible investments.

Where we hold or receive an investment which relates to or is divided between your account and one or more other clients, you authorise us to hold this interest as a tenant in common with other investors, in such shares or proportions as are reflected in our records.

You acknowledge that managed funds will continue to be purchased under the reinvestment options or dollar cost averaging plan in accordance with the instructions you have given to us

until you give instructions otherwise or the reinvestment options or dollar cost averaging plan are terminated.

You acknowledge that when further investments are made for you (including under a reinvestment instruction or in connection with a regular deposit), financial products may be acquired without you being given the relevant most current PDS for the financial product (the 'Relevant PDS'). We agree to give you access to what we reasonably believe to be the Relevant PDS as soon as reasonably practicable and in any event by the 5th business day after we receive the Relevant PDS. We do this by placing the Relevant PDS on our website. You acknowledge that further investments in the financial product will continue to be made (including under a reinvestment instruction or in connection with a regular deposit) until you instruct us otherwise.

You acknowledge that we may participate as principal in certain circumstances as set out in the 'Corporate actions for listed securities' section of Wrap Service Guide 1a: Operating your Wealth Accelerator account.

9. Fees, expenses and maintaining a minimum cash balance

You agree to pay us all fees, expenses and costs described in the Disclosure Documents, including any amounts payable in relation to partly paid securities, and authorise and direct us to withdraw from your account an amount equal to the value of these fees, expenses and costs should this be required.

You agree that we may check from time to time to ensure that the required minimum amount is held in your cash account. If there is insufficient value in your cash account, and you have not nominated an order of priority in which you instruct us to sell down your assets (either in your application or at some future time), then you give us a standing instruction (which you agree not to vary) to redeem or sell assets to the extent necessary to ensure there are sufficient funds in your cash account as follows:

- (a) firstly, by redeeming units from your liquid managed fund investments in order of the amount invested in each option, from the largest to the smallest holding;
- (b) next, if there are still insufficient funds after redeeming your liquid managed fund investments, by selling down your holdings in ASX listed securities (if applicable), in order of the value of the amount held, from largest to smallest holding; and
- (c) finally, if there are still insufficient funds after selling holdings of ASX listed securities, by realising your investment in the Managed Account (if applicable) and then international securities (if applicable) in order of the amount invested in each, from your largest to smallest holdings.

10. Instructions by email

You agree that we may accept instructions, signed, or apparently signed by authorised signatories to your account, to act on your account in the form of scanned documents sent electronically or an email from your registered email address.

You agree that we will not act upon any request that we have reason to believe is not genuine, and we do not accept emailed requests to change your nominated bank account.

Things you agree to when you apply – your contract with us to use Wealth Accelerator

If you send documents by email (or allow your Nominated Financial Adviser to do so) you agree to release, discharge and indemnify us and our directors, officers and employees against all losses, liabilities, actions, claims and demands arising from any instructions we receive by email.

11. Communications online and by SMS

Where you have provided your email address and/or your mobile phone number in your 'Application' form and have not selected to receive communication by post, you agree to receive all communication electronically as described on pages 42 and 43.

You will have online access to your Wealth Accelerator account and you expressly agree that:

- We will not send you a quarterly report, and
- Unless you instruct us otherwise:
 - your Annual Statement will be available in your online account and will not be sent to you; and
 - confirmation of transactions will be made by us to you through your online account and we will not send you monthly transaction confirmations.

12. Authorisations by SMS

Where you have provided your mobile phone number for use in relation to certain transactions that require authorisation you agree to receive confirmation requests via SMS to this number.

13. LifeWRAP payment authority

If you establish a LifeWRAP insurance policy with an approved insurer as described in Wrap Service Guide 1a: Operating your Wealth Accelerator account and you instruct your insurer that premiums are to be paid from your Wealth Accelerator account, by doing so:

- a) you authorise us to deduct from your cash account the insurance premium calculated by the insurer and to pay this amount to the insurer on your behalf;
- b) you agree that we may deduct the LifeWRAP administration fee from your cash account monthly in arrears;
- c) you agree that you have read the PDS for the insurance policy and you agree that any insurance cover will only be provided to you by the insurer on the terms and conditions set out in the policy with the insurer and that all decisions relating to insurance cover and claims under the policy are made by the insurer;
- d) if there is insufficient cash in your cash account to pay the insurance premiums as they fall due, you instruct us (and agree not to vary the instruction) to sell or redeem investments in the order of priority set out in clause 9 above to top up your cash account to meet the minimum cash requirement;
- e) despite (d), you understand that it is your responsibility to ensure that there are sufficient funds available in your account to pay the insurance premiums for your insurance cover and if, for any reason, there is insufficient available funds in your account to pay the insurance premiums as they fall due, you understand that your insurance policy may lapse or be cancelled by the insurer; and
- f) you agree that you have read the 'LifeWRAP privacy statement' in Wrap Service Guide 1a: Operating your Wealth Accelerator account and you agree to your and any insured persons' personal information (including health and sensitive information) being collected, used and

disclosed by us and the insurer including to each other and to their external service providers/contractors and third parties as contemplated in the privacy statement in order to assess, verify or process your application for insurance with the insurer or any claim you may make under the policy.

14. Changing from Investment Wrap to Wealth Accelerator

If you have an existing Netwealth Investment Wrap account and you complete the 'Wealth Accelerator Application for clients transferring from Investment Wrap' form, you agree that by providing your Investment Wrap account number and signing the form, you instruct us to change your account from Investment Wrap to Wealth Accelerator, close your Investment Wrap account and transfer all details and features applying to your Investment Wrap account (including your TFN or ABN, if you have provided it) to your new Wealth Accelerator account.

If you have chosen the Core option in Wealth Accelerator and your Investment Wrap account comprises assets not available in Wealth Accelerator Core, you agree that by providing your account number and by signing the form, you instruct us to redeem or sell all investment options not available in Netwealth Wealth Accelerator Core and invest the proceeds in the cash account until you provide us with further investment instructions.
