Disclaimers

An investment in the Vanguard All-World ex-US Shares Index ETF is subject to risk, (refer to the section '2. Risks), which may include possible delays in repayment and loss of income and capital invested.

None of VGI, including Vanguard or their related entities, directors or officers, gives any guarantee or assurance as to the performance of, or the repayment of capital or income reinvested, in the Vanguard All-World ex-US Shares Index ETF described in this Prospectus. VGI, its related entities and associates may invest in, lend to or provide other services to the Vanguard All-World ex-US Shares Index ETF.

This Prospectus is prepared for general information only. It is not intended to be a recommendation by Vanguard, any of Vanguard's associates or any other person to invest in the Vanguard All-World ex-US Shares Index ETF. In preparing this Prospectus, Vanguard did not take into account the investment objectives, financial situation or particular needs of any particular person. Before making an investment decision, investors need to consider (with or without the advice or assistance of an adviser) whether an investment in the Vanguard All-World ex-US Shares Index ETF is appropriate to their needs, objectives and circumstances.

Vanguard has sufficient working capital to enable it to operate the Vanguard All-World ex-US Shares Index ETF as outlined in this Prospectus.

About this Prospectus

This Prospectus is for the Vanguard All-World ex-US Shares Index ETF and is dated 26 February 2018.

Vanguard Investments Australia Ltd ABN 72 072 881 086 AFSL 227263 (Vanguard) is the issuer of this Prospectus on behalf of the Vanguard FTSE All-World ex-US Index Fund (US Fund), a series of Vanguard International Equity Index Funds (a Delaware Statutory Trust).

The Vanguard Group, Inc. (VGI) is the US parent company of Vanguard.

In this Prospectus references to 'Vanguard', 'we', 'our' and 'us' refer to Vanguard Investments Australia Ltd.

A copy of this Prospectus has been lodged with the Australian Securities and Investments Commission (ASIC) in accordance with section 718 of the *Corporations Act 2001 (Cth)* (*Corporations Act*) and with the ASX Limited (ASX). Neither ASIC nor the ASX takes any responsibility for the contents of this Prospectus.

The Vanguard All-World ex-US Shares Index ETF is the name given to the Clearing House Electronic Subregister System (CHES) Depository Interests (CDIs) that are quoted on the AQUA market of the ASX (refer to page 8 for further details on CDIs). These CDIs facilitate the buying and selling of exchange traded shares in the US Fund (US ETF Securities) on the ASX. CDIs are 'securities' for the purpose of the *Corporations Act*.

Unless otherwise stated, data sources used within this prospectus by Vanguard or VGI are public or licensed market data and all material is current as at the date of this Prospectus.

- total number of ETF securities on issue – monthly to the ASX via MAP

1. Key features of the ETF offer

Offer to Eligible Investors

Through this Prospectus, Vanguard gives Eligible Investors the opportunity to convert US ETF Securities into CDIs to allow trading of interests in the US ETF Securities on the secondary market in Australia. Eligible Investors, as referred to in this Prospectus, cannot directly purchase or redeem US ETF Securities with the US Fund. Only institutions that are Authorised Participants in the US can purchase or redeem US ETF Securities. Therefore, Eligible Investors will be required to engage counterparts in the US that are Authorised Participants for the purchase and redemption of US ETF Securities (refer to page 10 for more details on the purchase and redemption process).

Continuous offer and expiry date

The offer of CDIs is a continuous offer which remains open until 26 March 2019 (the Expiry Date) being 13 months after the date of this Prospectus. CDIs will not be offered, issued or transferred on the basis of this Prospectus after 26 March 2019.

The ETF offered in this Prospectus is:

ETF name	Investment objective	Underlying Index	Management costs*
Vanguard All-World ex-US Shares Index ETF ASX code: VEU	Seeks to track the performance of a benchmark index that measures the investment return of stocks of companies located in developed and emerging markets outside of the United States.	The FTSE All-World ex US Index is a float-adjusted, market-capitalisation-weighted index designed to measure equity market performance of international markets, excluding the United States. The index includes approximately 2,426 stocks of companies located in 46 countries, including both developed and emerging markets.	0.11% p.a.

* Refer to the section 'Fees and expenses'.

The Vanguard All-World ex-US Shares Index ETF referred to in the above table is the name given to the CDIs that are quoted on the AQUA market of the ASX (refer to page 8 for further details on CDIs). CDIs facilitate the buying and selling of US ETF Securities issued by the US Fund. The US ETF Securities are listed on NYSE Arca (a subsidiary of NYSE Euronext).

The information in the table above is referenced from the US Prospectus for the US ETF Securities. For further information regarding the investment objectives and the fees and expenses, please refer to the US Prospectus.

Fees and expenses

The following table sets out the fees and expenses of the US ETF Securities at the date of this Prospectus:

Vanguard ETF	Vanguard All-World ex-US Shares Index ETF
US ETF Security	Vanguard FTSE All-World ex-US ETF
Management fees	0.08%
Distribution fee	None
Other expenses	0.03%
Total annual fund operating expenses* (Management Costs)	0.11%

* Management Costs are deducted from the assets of the US Fund

Management Costs are expressed as a percentage of the US ETF Securities' average net assets during the relevant period. Management Costs include management expenses, such as advisory fees, account maintenance, reporting, accounting, legal, and other administrative expenses and any distribution fees. They do not include the transaction costs of buying and selling portfolio securities.

As Management Costs are expressed as a percentage of the average net assets of the US ETF Securities and the value of those assets may change over time, the actual Management Costs for a period may be higher or lower than shown in the table above. For additional information about Fees and Expenses of the US ETF Securities, please see the US Prospectus.

Investors buying or selling CDIs on the ASX may incur customary brokerage fees, commissions and a bid/ask spread (being the difference between the price at which participants are willing to buy and sell CDIs on the ASX).

What is an ETF?

An ETF is an Exchange Traded Fund, which is quoted for trading on the AQUA market of the ASX (in this case, it is the CDIs that are quoted for trading on the AQUA market of the ASX). Generally, these exchange traded funds comprise broadly diversified investment portfolios of either shares, bonds or real estate securities and are constructed using an indexed investment methodology.

ETFs seek to combine the best features of index managed funds and listed shares in one investment. Vanguard ETFs are index funds which come with the benefits of low cost, broad diversification, transparency and tax efficiency due to low turnover of the underlying securities. However, unlike traditional index funds which are priced only once per day, ETF securities trade on a stock exchange so they can be bought and sold at any time during the trading day at prevailing market prices. ETFs carry certain risks (refer to the section '2. Risks' for further details).

Who is Vanguard?

Vanguard Investments Australia Ltd (Vanguard) is a wholly owned subsidiary of The Vanguard Group, Inc. With more than AUD\$6.3 trillion in assets under management as of 31 December 2017, including over AUD\$1.1 trillion in ETFs; Vanguard is one of the world's largest global investment management companies. In Australia, Vanguard has been serving financial advisers, retail clients and institutional investors for more than 20 years.

Who is involved in the ETF process?

The role of Vanguard is to be the issuer of the cross-listed US ETF Securities, via CDIs, into the Australian market (refer to page 8 for further details). To accomplish this, Vanguard has entered into an Intermediary Authorisation Agreement with VGI. Neither the US Fund nor VGI will hold an Australian Financial Services Licence (AFSL).

Other roles of Vanguard are to:

- contract with relevant parties in Australia to ensure that the CDIs are properly created for the Australian market;
- contract with an appropriate share registry to ensure that the relevant investor details are maintained in regard to the CDIs that are quoted on the AQUA market of the ASX; and
- help maintain an efficient trading market by assigning at least one market maker.

VGI, either itself or through a subsidiary, will manage the investments of the US Fund and process the creation and redemption orders of the US ETF Securities in the US.

The US ETF Securities are held by Depository Trust Company (DTC) which is a limited purpose trust company that was created in the US to hold the securities of its participants (refer to page 8 for further details).

Computershare Trust Company, N.A. (a DTC Participant) has entered into a Custody Agreement with CHESSE Depository Nominees Pty Limited (CHESSE Depository Nominees), such that CHESSE Depository Nominees becomes the holder of the underlying US ETF Securities that will be cross-listed into the Australian market.

Computershare Investor Services Pty Limited (Computershare) has been engaged by Vanguard under a Share Registry Agreement to maintain the Australian register of CDI holders and provide services to investors (including facilitating payment of any distributions) in relation to their CDI holdings. Computershare keeps investor records including the quantity of securities held by an investor and how the securities are held. Computershare's role is to also facilitate the transfer of US ETF Securities, created in the US, for transacting in Australia.

AQUA market of the ASX

The ASX in September 2008 introduced a market service to provide managed funds, ETFs and structured products a more tailored framework for the quoting of these products on the ASX market and access to back office clearing and settlement services offered by the ASX.

The key distinction between products admitted under the ASX Listing Rules and those quoted under Schedule 10A of the ASX Operating Rules (AQUA Rules) is the level of influence that the issuer has over the underlying instrument.

An equity issuer under the ASX Listing Rules controls the value of its own securities and the business it runs and the value of those securities is directly influenced by the equity issuer's performance and conduct. For example, a company's management and board generally control the company's business and therefore have direct influence over the company's share price.

A product issuer under the AQUA Rules does not control the value of the assets underlying the products but offers products that give investors exposure to the underlying assets. The value (price) of products quoted under the AQUA Rules is dependent upon the performance of the underlying assets rather than the financial performance of the issuer itself. For example, a managed fund issuer does not control the value of the shares it invests in.

The following information highlights the key differences between the effect of listing under the ASX Listing Rules and quotation under the AQUA Rules for products like the Vanguard All-World ex-US Shares Index ETF.

Information	Issuers of products governed under ASX Listing Rules	Issuers of products governed under ASX AQUA Rules
Continuous disclosure	Subject to the continuous disclosure requirements under Listing Rule 3.1 and section 674 of the <i>Corporations Act</i> .	Not subject to Listing Rule 3.1 and section 674 of the <i>Corporations Act</i> . Subject to disclosure requirements under AQUA Rules Schedule 10A.4.4 and 10A.6.3 and section 675 of the <i>Corporations Act</i> .
Periodic disclosure	Required to disclose half yearly and annual financial information or annual reports under Chapter 4 of the Listing Rules.	Not required to disclose half yearly and annual financial information or annual reports under the Listing Rules. Copies of the US Fund's Annual and Semi-Annual Reports filed with the SEC in the US will be disclosed via the ASX's Market Announcements Platform.
Corporate control	Requirements in the <i>Corporations Act</i> and the Listing Rules relating to takeover bids, share buy-backs, change of capital, new issues, restricted securities, disclosure of directors' interests and substantial shareholdings apply.	Subject to general requirement to provide the ASX with any information concerning itself or any proposed action or omission to act that the non-disclosure of which may lead to the establishment of a false market or materially affect the price of its products.
Related party transactions	Chapter 10 of the Listing Rules specifies controls over related party transactions.	Chapter 10 of the Listing Rules does not apply to AQUA Products.
Auditor rotation obligations	Requirements relating to auditor rotation under Division 5 of Part 2M.4 of the <i>Corporations Act</i> apply.	Not subject to Division 5 of Part 2M.4 of the <i>Corporations Act</i> .

Market Maker

The AQUA Rules contain certain market making requirements. A market maker's role is to satisfy supply and demand for CDIs. They do this by fulfilling two key functions:

- Providing liquidity to the market by providing continuous bid and ask prices and acting as the buyer and seller of CDIs throughout the day; and
- Applying to convert additional CDIs, where necessary, to meet supply and demand.

Market makers seek to provide continuous liquidity to the market. The process begins with the issuer distributing a net asset value for the US ETF Security to the market every day, allowing market makers to price the CDI. Market makers use this information to determine the price of CDIs and places a bid/ask spread around this value before sending these prices to the stock exchange as bid and ask orders. The orders are published to the market, and investors can either 'hit' orders to trade with the market maker or send their own orders to the exchange and wait for someone else to 'hit' them. Market maker orders are updated continuously throughout the day to reflect price changes in the underlying securities.

The market maker(s) that Vanguard has appointed for the Vanguard All-World ex-US Shares Index ETF have been selected on the basis of their experience in trading and market making in both Australia and international markets. Most importantly, the firm(s) selected by Vanguard currently make markets on the ASX in existing Australian quoted ETF products and may have agreements with the ASX which provide certain financial incentives for the market maker to operate in this capacity. The market makers selected (or their offshore affiliates) may also have global experience in trading exchange traded fund securities in other markets, such as the New York Stock Exchange. Vanguard may change the lead market maker or appoint additional market makers.

CHESSE Depository Interests (CDIs)

Investors in the Vanguard All-World ex-US Shares Index ETF offered in this Prospectus will hold a CDI rather than a US ETF Security. CDIs are Australian financial instruments designed to give its holders rights and entitlements (i.e. a beneficial interest) in relation to holding foreign financial products, such as the US ETF Securities. A Depository Nominee holds title on behalf of CDI holders. In the case of the US ETF Securities, the nominee is CHESSE Depository Nominees Pty Limited (CDN, who is the holder of the AFS license 254 514) and is an approved participant in the clearing and settlement facility operated by ASX Settlement Pty Limited.

CDI holders are not holders of the US ETF Security. Some entitlements accrue to holders of US ETF Securities directly such as voting rights and corporate actions. This can alter the entitlements of a CDI holder. The ratio of CDIs to corresponding US ETF Securities is one-to-one.

In relation to *voting*, if a meeting of holders of US ETF Securities is convened, each holder of CDIs will be given notice of the meeting. The notice will include a form permitting the CDI holder to direct the Depository Nominee to cast, authorise or arrange the casting of, proxy votes in accordance with the CDI holder's written directions. Only holders of US ETF Securities (as shown on DTC records or DTC Participant records) or their proxies can vote at meetings of holders of US ETF Securities.

In relation to *corporate actions*, all economic benefits such as dividends, bonus issues, rights issues, capital reconstructions or similar corporate actions must flow through to CDI holders under the ASX Settlement Operating Rules. However, there may be differences from the entitlements you would receive if you held the US ETF Securities directly, for example, there may be rounding of entitlements where the depository nominee's holding is treated as a single holding rather than holdings corresponding to the interests of the CDI holders. The US ETF Securities are not subject to corporate takeovers.

CDIs may be held in uncertificated form on either the Issuer Sponsored Subregister or the CHESSE Subregister, which together make up the Australian CDI Register (maintained by Computershare).

For more information on CDIs generally, please refer to CDN's guidance note: Understanding CHESSE Depository Interests and ASIC's MoneySmart website (www.money.smart.gov.au).

CDI Holders interested in converting existing CDIs into US ETF Securities should contact Computershare on 1300 757 905.

Depository Trust Company (DTC)

The DTC, a limited-purpose trust company, was created in the US to hold securities of its participants (DTC Participants) and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of share certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organisations.

2. Risks

Investors in the Vanguard All-World ex-US Shares Index ETF face a number of investment risks. It is important to keep in mind one of the main principles of investing: the higher the potential reward, the higher the risk of losing money. The reverse is also generally true: the lower the risk, the lower the potential reward. An investment in ETFs could lose money over short or even long periods.

The price of an ETF can fluctuate within a wide range, like fluctuations of the overall stock market. When considering an investment in the Vanguard All-World ex-US Shares Index ETF, personal tolerance for fluctuating market values should be taken into account. There is no guarantee that the value of investment capital will be maintained.

The risks described in the US Prospectus for the US ETF Security are:

- Stock market risk;
- Country/regional risk;
- Emerging markets risk;
- Currency risk;
- ETF trading risks.

The above risk descriptions also apply to the Vanguard All-World ex-US Shares Index ETF. Prospective investors should read and consider these risks in the US Prospectus (as well as the additional risks identified below) before making an investment decision. Additional risks specific to the offer in Australia are detailed below:

Currency risk

Fluctuations in the value of the Australian dollar versus foreign currencies can affect the returns from overseas investments. This is because losses or gains must be converted back into Australian dollars.

The Vanguard All-World ex-US Shares Index ETF offered in this Prospectus does not hedge any of its exposure to foreign currencies.

A weaker Australian dollar increases the value of investments held in non-Australian dollars and therefore benefits the Australian investor holding non-Australian dollar denominated assets, such as international shares. Conversely, if the value of the Australian dollar rises, the value of investments held in non-Australian dollar denominated assets will fall.

Fluctuations in the exchange rate between when a distribution is paid on the US ETF Security and when these distributions are converted into Australian dollars by Computershare for holders of CDIs can also result in foreign currency gains and losses arising for holders of CDIs. This is discussed in further detail in the section 'Distributions'.

Regulatory and tax risk

This is the risk that a government or regulator may introduce regulatory and tax changes or a court makes a decision regarding the interpretation of the law that affects the value of securities in which the US Fund invests, the value of the interests in the Vanguard All-World ex-US Shares Index ETF, or the tax treatment of the investment in the Vanguard All-World ex-US Shares Index ETF.

The Vanguard All-World ex-US Shares Index ETF may be affected by changes to legislation or government policy both in Australia and in other countries. These changes are monitored by Vanguard and action is taken, where appropriate, to facilitate the achievement of the Vanguard All-World ex-US Shares Index ETF's objectives.

Please refer to the section '4. Investor taxation' for information about the tax impacts for the offer in Australia.

Trading and liquidity risk

In certain circumstances, the ASX and/or other exchanges may suspend the trading of CDIs and therefore investors will not be able to buy or sell the CDIs on the ASX.

The ASX also imposes certain requirements for the Vanguard All-World ex-US Shares Index ETF to continue to be quoted. Vanguard will endeavour to meet these requirements at all times to ensure the Vanguard All-World ex-US Shares Index ETF remains quoted.

There can be no assurances that there will always be a liquid market for securities quoted on the AQUA market. Vanguard has appointed a market maker to assist in maintaining liquidity for the Vanguard All-World ex-US Shares Index ETF on the ASX, but there is no guarantee that the market maker will be able to maintain liquidity.

The net asset value of the US ETF Securities may differ from the trading price of the CDIs on the ASX. The trading price is dependent on a number of factors including the demand and supply of the CDIs, investor confidence and how closely the value of the assets of the US Fund tracks the performance of the index.

3. How to transact with Vanguard

Eligible Investors

To convert US ETF Securities to CDIs (and vice versa), an Eligible Investor can contact an Authorised Participant to purchase or redeem US ETF Securities. Interests in the US Fund are issued and redeemed in large blocks known as creation units. To purchase or redeem a creation unit you must be an Authorised Participant or you must trade through a broker that is an Authorised Participant. An Authorised Participant is a participant in the Depository Trust Company (DTC) that has executed a Participant Agreement with VGI.

The Authorised Participant will then arrange for the purchase or redemption of US ETF Securities with the US Fund. These US ETF Securities issued by the US Fund will be held by Computershare Trust Company, N.A. on behalf of the Eligible Investor (in the name of CHESS Depository Nominees). The equivalent value of CDIs (1 US ETF Security for 1 CDI) will then be issued to the Eligible Investor.

Please note that transaction fees may apply to Eligible Investors in Australia when the Authorised Participant purchases or redeems US ETF Securities. These costs are negotiable directly with the relevant Authorised Participants.

For further details on the number of US ETF Securities in a creation unit and the transaction fee for the US ETF Securities, please refer to the latest SAI.

For further details on the purchase and redemption process, please contact Vanguard ETF Capital Markets Team on 1300 655 888 who can assist you with the process.

Other Investors - buying and selling ETFs on the secondary market

Investors who are not Eligible Investors can acquire, via the secondary market, CDIs of the US ETF Securities which are publicly traded via the ASX. To acquire a US ETF Security in the form of a CDI, investors will need to have a brokerage account.

When investors buy or sell CDIs on the secondary market, brokers may charge brokerage fees or commissions. Investors may also incur the cost of the 'bid/ask spread' which is the difference between the price at which the broker will purchase the security and the higher price at which the broker will sell the security. In addition, because the secondary market transactions occur at market prices, investors may pay more (premium) or less (discount) than the Net Asset Value when buying a CDI and receive more or less than the Net Asset Value when selling it.

Distributions

Distributions from the US Fund are generally calculated quarterly in March, June, September and December. Distributions may be paid at other times.

The distributions payable in respect of the CDIs quoted on the ASX will be declared and paid by the US Fund in US dollars, and converted by Computershare into Australian dollars prior to payment to holders of CDIs.

CDI holders will generally receive distribution payments (to which they are entitled, if any) within 20 business days following the record date in Australia. The value of the Australian dollar distribution payment is dependent on the prevailing foreign exchange rate a few days prior to the payment date. That is, the dollar amount of the distribution will first be determined and paid by the US Fund in US dollars and Computershare will then convert this into Australian dollars before making the distribution payment to holders of CDIs. The relevant exchange rate is as agreed from time to time between Computershare and its broker, net of fees and commissions.

From time to time, the foreign exchange rate can be volatile and the exchange rate when the distribution is declared and paid by the US Fund may differ from the prevailing foreign exchange rate at the date at which the distribution is converted into Australian dollars. This can give rise to foreign currency gains and losses for holders of CDIs in some circumstances.

Payment of distributions will be generally made by direct credit into a nominated Australian bank account. A distribution reinvestment plan is not available for the Vanguard All-World ex-US Shares Index ETF offered in this Prospectus. Please refer to the section '4. Investor taxation' for information on the tax consequences of receiving distributions from the US Fund.

4. Investor taxation

The taxation information in this Prospectus is provided for general information only. It is a broad overview of some of the Australian and US tax consequences associated with investing in the Vanguard All-World ex-US Shares Index ETF offered in this Prospectus, and is not intended to provide an exhaustive or definitive statement as to all the possible tax outcomes for investors.

It does not take into account the specific circumstances of each person who may invest in the Vanguard All-World ex-US Shares Index ETF and should not be used as the basis upon which potential investors make a decision to invest in the Vanguard All-World ex-US Shares Index ETF. As each investor's circumstances are different, Vanguard strongly recommends that an investor obtains independent professional tax advice concerning the tax implications of investing in and dealing in interests in the Vanguard All-World ex-US Shares Index ETF, particularly if an investor is not a resident of Australia or is a 'temporary resident' of Australia for tax purposes.

The Australian and US taxation information in this Prospectus have been prepared based on tax laws and administrative practice available at the date of this Prospectus. Any changes in the tax law or administrative practice that are announced subsequent to this date may alter the taxation information provided in this Prospectus.

Taxation of Australian tax resident investors

The taxation information provided in this Prospectus relates to Australian tax residents. Investors who are foreign residents should seek independent professional advice in relation to their specific circumstances.

Distributions from the ETF

Distributions from the US Fund made to an Australian tax resident investor in the Vanguard All-World ex-US Shares Index ETF should be treated as assessable foreign sourced income for the Australian tax resident investor in the tax year in which the distribution has been received.

For Australian tax purposes, the Australian tax resident investor is assessed on the amount of the dividend distributions received during the tax year gross of any US withholding tax deducted. Australian tax resident investors may be entitled to claim an offset against the Australian tax payable on their foreign sourced income for any US tax withheld, as described below. Please see an Australian tax adviser in order to determine whether benefits of any tax offsets for US tax withheld from distributions in the Vanguard All-World ex-US Shares Index ETF can be obtained.

The US generally imposes a 30% withholding tax on dividends paid by US corporations to non-US persons, but this rate may be reduced to 15% under the Australia/US income tax treaty. Australian tax resident investors may be required to complete US tax forms in order to qualify for the reduced rate under the treaty. The US Fund distributes its portfolio income and any short-term capital gains as a dividend generally subject to the applicable US withholding rate. Unlike those distributions, any long-term capital gains the US Fund distributes that are reported to investors as capital gain dividends will generally not be subject to US withholding tax.

Distributions paid by the Vanguard All-World ex-US Shares Index ETF to Australian tax resident investors will be paid by the US Fund in US dollars, but then converted into Australian dollars by Computershare prior to payment to Australian tax resident investors. The distribution payment advice will show the gross distribution amount, tax withheld and net distribution amount in US dollars and the exchange rate used to convert the net distribution to Australian dollars. Investors may use these exchange rates to convert the gross distribution and tax withheld to Australian dollars for tax return purposes, and to determine the amount of any foreign currency gains or losses that may arise for the Australian tax investor in respect of the distribution.

The US Fund qualifies as a Regulated Investment Company (RIC) under subchapter M of the US Internal Revenue Code of 1986 and intends to continue to qualify as a RIC in the future. As a result, the US Fund expects to benefit from special US tax rules that will generally cause it to pay no material US tax on its income or gains. However, distributions to investors may be subject to US withholding tax as described above.

The US Fund may also be subject to withholding taxes on income earned by the US Fund outside of the US. The distributions paid by the Vanguard All-World ex-US Shares Index ETF to Australian tax resident investors will be net of withholding taxes payable by the US Fund on the receipt by the US Fund of its non-US income.

Selling or transferring CDIs

If an Australian tax resident investor in the Vanguard All-World ex-US Shares Index ETF disposes of his or her CDIs by selling or otherwise transferring the CDIs to another person (e.g. if they sell their CDIs on-market), the investor may be liable for tax on any gains realised on the disposal of those CDIs.

For investors who do not hold their CDIs on capital account for income tax purposes (e.g. if the investor is in the business of dealing in securities such as CDIs), any gains realised on the disposal of CDIs should be assessable as ordinary income. Where investors who hold their CDIs on revenue account incur a loss in respect of dealings in their CDIs, this loss may, subject to certain integrity requirements, be available to offset current or future assessable income amounts.

For investors who hold their CDIs on capital account for income tax purposes, a capital gain or loss may be made on the disposal of their CDIs. Some investors may be eligible for the CGT discount (50% for individuals and certain trusts and 33.33% for complying superannuation funds) if the CDIs are held for at least 12 months before they are disposed of and the other relevant requirements are satisfied. Investors should obtain independent professional tax advice about the availability of the CGT discount.

Any capital loss arising on a disposal of CDIs may only be offset against capital gains made in that year or subsequent years.

Investors should not generally be subject to U.S. federal income tax on a sale or transfer of CDIs.

US estate tax

US estate tax may apply to an individual who is neither a US citizen nor domiciled in the US and, at the time of death, is the beneficial owner of the US ETF Securities. Generally, the first USD 60,000 of US-situated assets are exempt from US estate tax. The amount of the estate tax may be determined by the value of the US ETF Securities owned at death and may be reduced under the Australia/US estate tax treaty.

All investors should seek professional tax advice in relation to the US estate tax rules.

Financial statements of the US Fund

The Financial Statements and Notes contained in the Annual Report of the US Fund are incorporated by reference into and are deemed for US legal purposes to be part of the Company's SAI. However, for the purpose of section 712 of the *Corporations Act*, this Prospectus does not incorporate the Annual Reports of the US Fund.

Interests of Directors

Details about the Trustees and officers of the US Fund (and details of their remuneration) are referred to in the US Prospectus and SAI. Directors of Vanguard and their related parties may hold ETF units from time to time.

Except as set out in this Prospectus, the US Prospectus, or the SAI, as may be updated:

- no Trustee of the US Fund or director of Vanguard has had in the last 2 years before lodgement of this Prospectus, an interest in:
 - the formation or promotion of Vanguard, VGI, the US Fund or the Vanguard All-World ex-US Shares Index ETF;
 - the offer in this Prospectus; or
 - any property acquired or proposed to be acquired by Vanguard, VGI, the US Fund or the Vanguard All-World ex-US Shares Index ETF in connection with its formation or promotion of the offer in this Prospectus; and
- no amounts, whether in cash or shares or otherwise have been paid or agreed to be paid (by anyone), and no benefit has been given or agreed to be given (by anyone), to any Trustee of the US Fund or director of Vanguard, either to induce them to become, or to qualify as, a trustee, a director, or otherwise for services provided by them in connection with the promotion or formation of Vanguard, VGI, the US Fund or the Vanguard All-World ex-US Shares Index ETF or the offer in this Prospectus.

The Trustees of the US Fund and the directors of Vanguard have given and not withdrawn their consent to lodge this Prospectus with ASIC.

Interests of other parties

Vanguard is an Australian financial services licensee and the AQUA product issuer of the CDIs. Vanguard will receive from VGI an amount equal to all costs incurred by Vanguard in relation to being the issuer of the cross-listed ETF plus a margin as agreed from time to time.

Consents

FTSE has given and has not withdrawn their consent to the statements relating to FTSE of this Prospectus in the format and context in which they appear.

Consents to lodge Prospectus

This Prospectus has been prepared by Vanguard. Each of the Trustees of the US Fund and the directors of Vanguard has consented to the lodgement of this Prospectus with ASIC.

Incorporating other documents

The US Prospectus and SAI are referred to and incorporated by reference in this Prospectus under section 712 of the *Corporations Act*. The SAI is incorporated by reference into its US Prospectus and for US legal purposes is a part of the US Prospectus.

The US Prospectus and the SAI have been lodged with ASIC, and this Prospectus simply refers to parts of these documents instead of setting out the information that is contained in them. The information below is provided to allow a person to whom the offer is made to decide whether to obtain a copy of either the US Prospectus or the SAI.

The US Prospectus contains information regarding:

- The US Fund's investment objective, fees and expenses, primary investment strategies, principal risks, performance, investment advisor and portfolio manager, purchase and sale of the fund securities, US tax information and policy on payments to financial intermediaries.
- US ETF Securities and how they differ from conventional mutual fund securities.
- How to buy and sell US ETF Securities.
- Share class overview, market exposure, security selection, other investment policies and risks, cash management and temporary investment measures.
- Special risks of US ETF Securities, portfolio holdings disclosure policy and turnover rate.
- The US Fund, VGI and its structure, VGI employees with oversight, US Fund distributions and basic US tax points.
- How the US Fund's net asset value is determined.
- Highlights from the US Fund's financial statements.

The SAI contains information regarding:

- The US Fund's organisational structure and service providers.
- Characteristics of the US Fund's securities.
- US tax status of the US Fund and tax consequences to investors of investing in the US Fund.
- The US Fund's fundamental and non-fundamental policies ("fundamental" policies are those that cannot be changed without shareholder approval).
- The purchase and redemption of the US Fund's non-ETF securities.
- Management of the US Fund.
- Officers and trustees of the US Fund, trustee compensation and trustee ownership of fund securities.
- Portfolio holdings disclosure policies and procedures.
- The US Fund's portfolio managers, including summary information about other accounts they manage and their compensation structure.
- The US Fund's "best execution" policies and brokerage expenses.
- The US Fund's proxy voting guidelines.
- The ETF share-class, including exchange listing and trading, conversions and exchanges, book entry only system and purchase and redemption of ETF Securities in creation units.

The US Prospectus and SAI may be amended or supplemented from time to time. Documents that amend the US Prospectus and SAI may be incorporated by reference into this Prospectus under s712 of the *Corporations Act*.

Copies of the documents incorporated in this Prospectus (including the US Prospectus and SAI) and documents amending the US Prospectus and SAI may be obtained by contacting Vanguard ETF Capital Markets Team on 1300 655 888 or by visiting Vanguard's website. These documents will be available free of charge.

Other filings in the US

Certain other documents which may be filed or prepared by VGI in the US subsequent to the date of this Prospectus (other than those documents identified above) may be incorporated by reference in the US Prospectus. Such documents (if any) cannot (for legal and timing reasons) be taken to be included in this Prospectus under section 712 of the *Corporations Act*. Such documents (if any) may be given to the ASX as announcements by Vanguard and will be made available on Vanguard's website.

ASX confirmations and waivers

The ASX has granted Vanguard a confirmation under the ASX Market Rules that for the purposes of ASX Market Rule 2.10 (ASX Operating Rule 7100), the Vanguard All-World ex-US Shares Index ETF constitutes an 'ETF'.

The ASX has granted Vanguard a waiver from ASX Market Rule 10A.4.1 (ASX Operating Rule Schedule 10A.4.1) such that the investment strategies or policies can be amended without the approval of 75% of votes cast on a proposed resolution. Any change to the investment strategies or policies of the US Fund will be subject to the requirements as set out in the US Prospectus. In this regard, the board of trustees of the US Fund, which oversees the management of the US Fund, may change investment strategies or policies in the interests of shareholders without a shareholder vote. For this reason, it is unlikely that an Australian investor would be able to influence the outcome of a change in the investment strategies or policies.

ASIC relief

ASIC has issued an instrument of relief INS 09-00290 dated 16 April 2009, relating to offers for sale of CDIs on the ASX. ASIC has also issued an instrument of relief INS 09-00289 dated 16 April 2009, relating to the ability of Vanguard Investments Australia Ltd to offer CDIs under a Prospectus.

Privacy policy

Privacy laws regulate, among other matters, the way organisations collect, use, disclose, keep secure and give people access to their personal information. Vanguard is committed to respecting the privacy of your personal information. Vanguard's privacy policy states how Vanguard manages personal information.

Vanguard may collect personal information from external sources, such as the share registrar – Computershare or through third parties such as brokers, and may collect additional personal information from you in the course of managing your investment. Some information must be collected for the purposes of compliance with the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth)*.

Vanguard may provide personal information to an investor's financial adviser if written consent is provided to Vanguard. Vanguard may be required to disclose personal information to regulators, including authorities investigating criminal or suspicious activity and to the Australian Transaction Reports and Analysis Centre ("AUSTRAC") in connection with anti-money laundering and counter-terrorism financing.

Vanguard may provide an investor's personal information to its service providers such as Computershare for certain related purposes (as described under the *Privacy Act 1988 (Cth)*) such as account administration and the production and mailing of statements. Vanguard may also use an investor's personal information and disclose it to its service providers to improve customer service (including companies conducting market research) and to keep investors informed of Vanguard's products and services, or to their financial adviser or broker to provide financial advice and ongoing service.

Vanguard will assume consent to personal information being used for the purposes of providing information on services offered by Vanguard and being disclosed to market research companies for the purposes of analysing Vanguard's investment base, unless otherwise advised.

For a complete description of how personal information may be handled (including other potential uses), please see Vanguard's privacy policy at www.vanguard.com.au or contact the Vanguard ETF Capital Markets Team on 1300 655 888. You may request to update or access any personal information we hold about you.

US Foreign Account Tax Compliance Act (FATCA) and Organisation for Economic Cooperation and Development (OECD) Common Reporting Standard (CRS)

FATCA is a US law which impacts investors worldwide. FATCA attempts to minimise US income tax avoidance by US persons investing in foreign assets, including through their investments in foreign financial institutions. FATCA requires reporting of US persons' direct and indirect ownership of non-US accounts and non-US entities to the US Internal Revenue Service (IRS). Similarly, the OECD has established CRS, also known as the Standard for Automatic Exchange of Financial Account Information (AEOI), which requires participating jurisdictions to obtain information from their financial institutions and exchange it with other participating jurisdictions. CRS/AEOI became effective in Australia on 1 July 2017.

Under FATCA, the Australian Government has entered into an Inter-Governmental Agreement (IGA) with the Government of the United States of America for reciprocal exchange of taxpayer information. Under the IGA, financial institutions operating in Australia report information to the Australian Taxation Office (ATO) rather than the IRS. The ATO may then pass the information on to the IRS.

The US Fund or its authorised agents, such as the registrar – Computershare, may request such information or documents from you as is necessary to verify your identity and FATCA and AEOI status, including self-certification forms. The US Fund or its authorised agents may disclose this information to the IRS or ATO (who may share this information with other tax authorities) as necessary to comply with FATCA, the IGA, AEOI or applicable implementing law or regulation.

Vanguard is not able to provide tax advice and strongly encourages investors to seek the advice of an experienced tax advisor to determine what actions investors may need to take in order to comply with FATCA and AEOI.

Anti-money laundering and counter-terrorism financing

Vanguard is bound by laws regarding the prevention of money laundering and the financing of terrorism, including the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (AML/CTF Laws)*. By acquiring the CDIs, the investor agrees that:

- they do not purchase or redeem US ETF Securities or buy or sell CDIs under an assumed name;
- money used to acquire the securities is not derived from or related to any criminal activities;
- any proceeds of the investment will not be used in relation to any criminal or terrorist financing activities;
- the investor will provide the information that is reasonably required for the purposes of AML/CTF Laws (including information about the investor and any beneficial interest in the CDIs, or the source of funds used to invest)

Vanguard may obtain information about you from third parties if it is believed this is necessary to comply with AML/CTF Laws. In order to comply with AML/CTF Laws, Vanguard may be required to disclose information to relevant regulators of AML/CTF Laws (whether in or outside of Australia).
